

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Jacobs  
DOCKET NO.: 20-02664.001-R-1  
PARCEL NO.: 15-28-101-033

The parties of record before the Property Tax Appeal Board are William Jacobs, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$42,005  
**IMPR.:** \$142,374  
**TOTAL:** \$184,379

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,166 square feet of living area. The dwelling was constructed in 1989 and is approximately 31 years old. Features of the home include a part basement and part crawl space foundation,<sup>1</sup> central air conditioning, a fireplace, and a 704 square foot garage. The property has an approximately 10,483 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity

<sup>1</sup> The parties differ regarding the subject's foundation type. The Board finds the best evidence of the subject's foundation type is found in the subject's property record card presented by the board of review, which contains a sketch with measurements depicting a part basement and part crawl space foundation.

comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 3,214 to 3,315 square feet of living area. The dwellings are 30 or 32 years old. Each home has a full or partial basement, one of which has finished area, central air conditioning, and a garage ranging in size from 441 to 630 square feet of building area. Three homes each have one or two fireplaces. The comparables have improvement assessments ranging from \$122,167 to \$133,958 or from \$38.01 to \$40.43 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$184,379. The subject property has an improvement assessment of \$142,374 or \$44.97 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or brick and wood siding exterior construction ranging in size from 3,006 to 3,270 square feet of living area. The dwellings were built in 1988 or 1989. Each home has a full or partial basement, four of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 441 to 724 square feet of building area. The comparables have improvement assessments ranging from \$143,581 to \$156,445 or from \$45.89 to \$49.41 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review's comparables #1 through #4, due to their finished basement area which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #4 and the board of review's comparable #5, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$122,167 to \$144,599 or from \$38.01 to \$45.89 per square foot of living area. The subject's improvement assessment of \$142,374 or \$44.97 per square foot of living area falls

within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
