

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zinoviia Kchisko
DOCKET NO.: 20-02677.001-R-1
PARCEL NO.: 15-36-101-008

The parties of record before the Property Tax Appeal Board are Zinoviia Kchisko, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$126,415
IMPR.: \$208,876
TOTAL: \$335,291

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a ranch-style dwelling of brick exterior construction with 5,369 square feet of living area. The dwelling was constructed in 1969, is approximately 51 years old, and has a reported effective age of 1974.¹ Features of the home include a part basement part crawl space foundation, central air conditioning, four fireplaces, a 679 square foot attached garage, and an inground swimming pool. The property has a 151,527 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The

¹ Additional details regarding the subject property not reported by the appellant are found in the subject's property record card presented by the board of review.

comparables are improved with ranch-style homes of brick or wood siding exterior construction ranging in size from 4,071 to 4,859 square feet of living area. The dwellings range in age from 55 to 68 years old. Three homes each have a concrete slab foundation and one home has a crawl space foundation. Each home has central air conditioning, one or two fireplaces, and an attached garage ranging in size from 768 to 1,540 square feet of building area. The comparables have improvement assessments ranging from \$134,241 to \$164,185 or from \$32.40 to \$33.79 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$335,291. The subject property has an improvement assessment of \$208,876 or \$38.90 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with ranch-style homes of brick or wood siding exterior construction ranging in size from 5,020 to 5,276 square feet of living area. The dwellings were built from 1958 to 1979 and have effective ages ranging from 1975 to 1989. Two homes each have a basement and two homes each have a crawl space foundation. Each home has central air conditioning, two or three fireplaces, and an attached garage ranging in size from 528 to 1,591 square feet of building area. Comparable #4 also has a 960 square foot detached garage and an inground swimming pool. The comparables have improvement assessments ranging from \$205,361 to \$263,998 or from \$40.19 to \$50.04 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #1 and #2, due to substantial differences from the subject in dwelling size and/or foundation type.

The Board finds the best evidence of assessment equity to be the board of review's comparables #3 and #4, which are similar to the subject in dwelling size, age, location, and some features; although these properties are smaller homes with much larger basements than the subject, comparable #3 has a much larger garage than the subject but lacks an inground swimming pool which is a feature of the subject, and comparable #4 has two garages unlike the subject, suggesting adjustments to these comparables would be needed to make them more similar to the

subject. These two comparables have improvement assessments of \$205,361 and \$233,047 or \$40.19 and \$46.42 per square foot of living area, respectively. The subject's improvement assessment of \$208,876 or \$38.90 per square foot of living area falls is bracketed by the best comparables in terms of total improvement assessment but is below the best comparables on a per square foot basis, which is logical given the subject is a larger home than the best comparables. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
