

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kwang Soo Kim
DOCKET NO.: 20-02679.001-R-1
PARCEL NO.: 15-17-202-021

The parties of record before the Property Tax Appeal Board are Kwang Soo Kim, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,359
IMPR.: \$178,752
TOTAL: \$230,111

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,704 square feet of living area. The dwelling was constructed in 1990 and is approximately 30 years old. Features of the home include a basement with 1,269 square feet of finished area, central air conditioning, three fireplaces, and a 744 square foot garage. The property has a 60,774 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick exterior construction ranging in size from 4,496 to 5,055 square feet of living area. The dwellings range in age from 28 to 31 years old. Each home has a basement, one of which is a walkout basement with 1,600 square feet of

finished area, central air conditioning, one to four fireplaces, and a garage ranging in size from 696 to 834 square feet of building area. The comparables have improvement assessments ranging from \$163,295 to \$192,857 or from \$36.32 to \$38.15 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$174,636 or \$37.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$256,787. The subject property has an improvement assessment of \$205,428 or \$43.67 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The board of review submitted assessment information for the 2021 tax year which is not responsive to the appellant's assessment inequity argument for the 2020 tax year in this appeal, and thus, the Board shall not further consider these comparables herein. The board of review also presented a listing sheet for the subject describing a list date of June 30, 2021 and a list price of \$799,000. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of four equity comparables for the Board's consideration which are similar to the subject in dwelling size, age, location, and some features, although three comparables lack finished basement area which is a feature of the subject, suggesting that upward adjustments to these comparables would be needed to make them more similar to the subject. These comparables have improvement assessments ranging from \$163,295 to \$192,857 or from \$36.32 to \$38.15 per square foot of living area. The subject's improvement assessment of \$205,428 or \$43.67 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, such as dwelling size and finished basement area, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
