

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Woo Kim
DOCKET NO.: 20-02681.001-R-1
PARCEL NO.: 15-23-301-072

The parties of record before the Property Tax Appeal Board are Woo Kim, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,550
IMPR.: \$118,566
TOTAL: \$157,116

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,856 square feet of living area. The dwelling was constructed in 1995. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 400 square foot attached garage. The property has a 10,454 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,904 to 3,208 square feet of living area. The dwellings were built from 1994 to 1996. The comparables each have a concrete slab foundation, central air conditioning, one fireplace and an

attached garage with either 400 or 440 square feet of building area. The comparables have improvement assessments that range from \$112,193 to \$128,039 or from \$37.08 to \$39.91 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$111,098.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$157,116. The subject property has an improvement assessment of \$118,566 or \$41.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,856 to 3,058 square feet of living area. The dwellings were built from 1994 to 1996. Each comparable has a concrete slab foundation, central air conditioning, one fireplace and a garage with either 400 or 462 square feet of building area. The comparables have improvement assessments that range from \$118,876 to \$123,340 or from \$39.96 to \$41.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board finds both parties' comparables are similar to the subject in location, dwelling size, age, style and features. These comparables have improvement assessments that range from \$112,193 to \$128,039 or from \$37.08 to \$41.67 per square foot of living area. The subject's improvement assessment of \$118,566 or \$41.51 per square foot of living area falls within the range established by the comparables in the record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
