

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Atanas Kolev
DOCKET NO.: 20-02685.001-R-1
PARCEL NO.: 15-34-201-007

The parties of record before the Property Tax Appeal Board are Atanas Kolev, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,739
IMPR.: \$42,252
TOTAL: \$68,991

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,104 square feet of living area. The dwelling was constructed in 1957 with an effective construction date of 1961 and a chronological age of 63 years old. Features of the home include a crawl space foundation and one bathroom. The property has a site with approximately 20,000 square feet of land area located in Deerfield, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one story dwellings of wood siding exterior construction that range in size from 864 to 1,344 square feet of living area. The homes range in age from 60 to 64 years old. The comparables have slab or crawl space foundations, three comparables have central air conditioning, two comparables have an attached or detached garage with 288 or 462 square feet

of building area, and each comparable has one bathroom. The comparables have the same assessment neighborhood code as the subject and are located from .06 to .42 of one mile from the subject property. The comparables have improvement assessments ranging from \$23,442 to \$46,475 or from \$27.13 to \$36.34 per square foot of living area. The appellant requested the subject's assessment be reduced to \$36,818.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,991. The subject property has an improvement assessment of \$42,252 or \$38.27 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,083 to 1,176 square feet of living area. The homes were built from 1955 to 1961 with comparables #1 and #4 having effective dates of construction of 1963 and 1969, respectively. One comparable has a full basement and four comparables have crawl space foundations. Three comparables have central air conditioning, each comparables has 1 or 1½ bathrooms, and each comparable has an attached or detached garage ranging in size from 336 to 480 square feet of building area. These properties are located from approximately .08 to .35 of one mile from the subject property. The comparables have improvement assessments ranging from \$42,700 to \$49,462 or from \$38.19 to \$43.16 per square feet of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 and board of review comparables #2 through #5 as these comparables are most similar to the subject dwelling in size. Each of these comparables has a garage and two comparables have central air conditioning, features the subject property does not have, suggesting each comparable would require a downward adjustment to make them more equivalent to the subject property. These comparables have improvement assessments that range from \$38,409 to \$46,047 or from \$36.34 to \$39.48 per square foot of living area. The subject's improvement assessment of \$42,252 or \$38.27 per square foot of living area falls within the range established by the best comparables in this record, is below each of the board of review comparables, and is supported after considering the suggested adjustments to the comparables. Less weight is given appellant's comparables #1, #2 and #3 due to differences from the subject dwelling in size and/or foundation. The Board gives less weight to board of review comparable #1 due to differences from the subject dwelling in foundation and features. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
