

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Deborah Leopoldi-Kusztelak
DOCKET NO.: 20-02696.001-R-1
PARCEL NO.: 15-18-401-044

The parties of record before the Property Tax Appeal Board are Deborah Leopoldi-Kusztelak, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,672
IMPR.: \$110,587
TOTAL: \$159,259

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of wood siding exterior construction containing 2,244 square feet of living area that was constructed in 2005 and is approximately 15 years old. Features of the home include partial basement that is partially finished, central air conditioning, one fireplace and an attached garage with 530 square feet of building area. The property has a site with approximately 19,170 square feet of land area and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with one-story dwellings of wood siding exterior construction that range in size from 2,631 to 3,329 square feet of living area and in age from 13 to 19 years old. Each comparable has an unfinished full or partial basement, central air conditioning, one fireplace, and

an attached garage ranging in size from 600 to 690 square feet of building area. Each comparable has the same assessment neighborhood code as the subject and are located within .08 of one mile of the subject property. The comparables have improvement assessments ranging from \$124,536 to \$150,373 or from \$45.17 to \$47.33 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$103,672.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$159,259. The subject property has an improvement assessment of \$110,587 or \$49.28 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with comparable #4 being the same property as appellant's comparable #3. The comparables are improved with one-story dwellings of wood siding exterior construction ranging in size from 2,358 to 2,631 square feet of living area. The homes were built from 2001 to 2005. Each property has a full or partial basement with three having finished area, central air conditioning, one or two fireplaces and an attached garage ranging in size from 529 to 690 square feet of building area. The comparables have the same assessment neighborhood code as the subject and are located within .12 of one mile from the subject property. The comparables have improvement assessments ranging from \$124,536 to \$138,405 or from \$47.33 to \$54.43 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and the board of review comparables, which includes the common comparable. These comparables are most similar to the subject dwelling in size as well as being similar to the subject in location, style, age and most features. These comparables have improvement assessments that range from \$124,536 to \$138,405 or from \$47.33 to \$54.43 per square foot of living area. The subject's improvement assessment of \$110,587 or \$49.28 per square foot of living area falls below the overall range but within the range on a per square foot of living area basis established by the best comparables in this record. Little weight is given appellant's comparables #1 and #2 due to significant differences from the subject dwelling in size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. The Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
