

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Davis
DOCKET NO.: 20-02719.001-R-1
PARCEL NO.: 15-18-206-013

The parties of record before the Property Tax Appeal Board are George Davis, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,158
IMPR.: \$200,757
TOTAL: \$251,915

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stone and wood siding exterior construction with 4,870 square feet of living area. The dwelling was constructed in 2005 and is approximately 15 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and an 803 square foot garage. The property has an approximately 42,688 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.35 of a mile from the subject property. The parcels range in size from 23,522 to 32,221 square feet of land area and are improved with 2-story homes of dryvit or wood siding exterior construction ranging in size from 3,797 to 4,667 square feet of living area. The dwellings range in age from 19 to 21 years old. Each home has a basement, two of which have finished area, central air conditioning, a

fireplace, and a garage ranging in size from 688 to 690 square feet of building area. The comparables sold in May and December 2019 for prices ranging from 565,000 to \$707,000 or from \$146.58 to \$151.49 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$241,822 which would reflect a market value of \$725,539 or \$148.98 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$251,915. The subject's assessment reflects a market value of \$756,728 or \$155.39 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.35 of a mile from the subject property. Comparable #2 is the same property as the appellant's comparable #1. The parcels range in size from 28,750 to 37,460 square feet of land area and are improved with 2-story homes of brick or brick and wood siding exterior construction ranging in size from 4,298 to 4,677 square feet of living area. The dwellings were built in 2001 or 2005. Each home has a basement, one of which has finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 688 to 824 square feet of building area. The comparables sold from December 2019 to November 2020 for prices ranging from \$630,000 to \$755,000 or from \$146.58 to \$168.60 per square foot of living area, including land.

Based on this evidence the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of five comparable sales, with one common sale, for the Board's consideration. The Board gives less weight to the appellant's comparable #3, due to substantial differences from the subject in dwelling size.

The Board finds the best evidence of market value to be the appellant's comparable #1/board of review's comparable #2, the appellant's comparable #2, and the board of review's comparables #2 and #3, which are similar to the subject in dwelling size, age, location, and some features, although these comparables all have much smaller lots with smaller homes than the subject and three of these comparables lack finished basement area that is a feature of the subject, suggesting that upward adjustments to the these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold from December 2019 to

November 2020 for prices ranging from \$630,000 to \$755,000 or from \$146.58 to \$168.60 per square foot of living area, including land. The subject's assessment reflects a market value of \$756,728 or \$155.39 per square foot of living area, including land, which is above the range established by the best comparable sales in terms of total market value and within the range on a price per square foot basis. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, such as dwelling size, lot size, and finished basement area, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
