

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Doman
DOCKET NO.: 20-02726.001-R-1
PARCEL NO.: 15-14-203-013

The parties of record before the Property Tax Appeal Board are Timothy Doman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$70,027
IMPR.: \$169,709
TOTAL: \$239,736

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding and brick exterior construction with 3,401 square feet of living area. The dwelling was constructed in 1985 and is approximately 34 years old with a reported effective year built of 1987. Features of the home include a basement that is partially finished with a recreation room, central air conditioning, a fireplace and a 936 square foot garage. The property has a 21,370 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,031 to 3,855 square feet of living area. The dwellings are 33 or 34 years old. The comparables each

have a basement, three of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 621 square feet of building area. The comparables have improvement assessments that range from \$132,131 to \$163,638 or from \$43.17 to \$44.18 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$239,736. The subject property has an improvement assessment of \$169,709 or \$49.90 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story or 2-story dwellings of wood siding or brick exterior construction ranging in size from 2,995 to 3,412 square feet of living area. The dwellings were built from 1978 to 1987. The comparables each have a basement, three of which are partially finished with a recreation room. Each comparable has central air conditioning, one fireplace and a garage ranging size from 506 to 677 square feet of building area. The comparables have improvement assessments that range from \$157,041 to \$175,004 or from \$50.66 to \$55.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board finds these comparables are relatively similar to the subject in location, dwelling size, design, age and some features. However, three of the comparables have unfinished basements unlike the subject. Nevertheless, these comparables have improvement assessments that range from \$132,131 to \$175,004 or from \$42.44 to \$55.61 per square foot of living area. The subject's improvement assessment of \$169,709 or \$49.90 per square foot of living area falls within the range established by the comparables in the record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
