

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Drizd  
DOCKET NO.: 20-02728.001-R-1  
PARCEL NO.: 15-29-202-034

The parties of record before the Property Tax Appeal Board are Alan Drizd, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,309  
**IMPR.:** \$130,500  
**TOTAL:** \$164,809

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,896 square feet of living area. The dwelling was constructed in 1979, is approximately 41 years old, and has a reported effective age of 1983.<sup>1</sup> Features of the home include a basement, central air conditioning, a 440 square foot garage, a gazebo, and a metal utility shed. The property has an approximately 16,827 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within 0.68 of a mile from the subject. The comparables are

improved with 2-story homes of wood siding exterior construction ranging in size from 2,456 to 2,867 square feet of living area. The dwellings range in age from 39 to 45 years old. Each home has a basement, central air conditioning, a fireplace, and a garage ranging in size from 400 to 528 square feet of building area. The comparables have improvement assessments ranging from \$101,563 to \$125,473 or from \$41.35 to \$45.49 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$173,338. The subject property has an improvement assessment of \$139,029 or \$48.01 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within 0.38 of a mile from the subject. The comparables are improved with 2-story homes of wood siding or brick and wood siding exterior construction ranging in size from 2,468 to 2,956 square feet of living area. The dwellings were built in 1979 or 1980 and comparables #1, #2, and #3 have effective ages of 1987, 1986, and 1981, respectively. Each home has a basement, three of which have finished area, central air conditioning, and a garage ranging in size from 440 to 528 square feet of building area. Comparable #1 has a metal utility shed. The comparables have improvement assessments ranging from \$120,297 to \$151,210 or from \$48.20 to \$51.15 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 and the board of review's comparables, due to substantial differences from the subject in dwelling size and/or basement finish.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments of \$117,194 and \$125,473 or \$45.49 and \$43.76 per square foot of living area, respectively. The subject's improvement assessment of \$139,029 or \$48.01 per square foot of living area falls above the best comparables in this record. Based on

this record and after considering appropriate adjustments to the best comparables for differences from the subject, such as the subject's gazebo and metal utility shed, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
