

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Goelz
DOCKET NO.: 20-02745.001-R-1
PARCEL NO.: 15-35-201-012

The parties of record before the Property Tax Appeal Board are Jeffrey Goelz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$90,557
IMPR.: \$90,807
TOTAL: \$181,364

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 2,972 square feet of living area. The dwelling was constructed in 1955 and is approximately 65 years old. Features of the home include a concrete slab foundation, central air conditioning, two fireplaces, and a 923 square foot attached garage. The property has an approximately 188,684 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located from 0.67 of a mile to 1.79 miles from the subject property. The comparables are improved with 1-story dwellings of brick or wood siding exterior construction ranging in size from 2,639 to 3,457 square feet of living area. The dwellings are from 45 to 74 years old. One comparable has a

finished basement and three comparables each have a concrete slab or crawl space foundation. Three comparables each have central air conditioning. Each comparable has one or three fireplaces and a garage ranging in size from 484 to 648 square feet of building area. The comparables have improvement assessments that range from \$62,516 to \$83,763 or from \$21.69 to \$26.65 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$71,773 or \$24.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,364. The subject property has an improvement assessment of \$90,807 or \$30.55 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located from 1.64 to 2.25 miles from the subject property. The comparables are improved with 1-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,618 to 2,960 square feet of living area. The dwellings were built from 1949 to 1970 with effective built dates ranging from 1956 to 1970. Two comparables each have a finished basement and three comparables each have a crawl space foundation. Each comparable has central air conditioning and a garage ranging in size from 462 to 918 square feet of building area. Four comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$97,902 to \$136,984 or from \$37.00 to \$52.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, and #4 as well as board of review comparables #1, #2, and #3 which differ from the subject in dwelling size, age, and/or have basements, not a feature of the subject. The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments that range from \$83,763 to \$109,671 or from \$26.23 to \$38.45 per square foot of living area. The subject's improvement assessment of \$90,807 or \$30.55 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
