

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Henry Goldenstein
DOCKET NO.: 20-02746.001-R-1
PARCEL NO.: 15-21-205-008

The parties of record before the Property Tax Appeal Board are Henry Goldenstein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,590
IMPR.: \$147,375
TOTAL: \$189,965

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,149 square feet of living area. The dwelling was constructed in 1997 and is approximately 23 years old. Features of the home include an unfinished basement, central air conditioning, and a 506 square foot attached garage. The property has an approximately 11,325 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.52 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,212 to 3,414 square feet of living area. The dwellings are from 19 to 24 years old. Each comparable has a basement with one having

finished area, central air conditioning, and a garage ranging in size from 506 to 776 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$133,948 to \$152,357 or from \$41.70 to \$44.63 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$136,430 or \$43.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$189,965. The subject property has an improvement assessment of \$147,375 or \$46.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within 0.29 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,861 to 3,201 square feet of living area. The dwellings were built in 1996 or 1997. The comparables each have a basement, three of which have finished area. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 483 to 836 square feet of building area. The comparables have improvement assessments that range from \$144,373 to \$157,425 or from \$47.68 to \$50.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #2 and board of review comparables #1, #2, and #5 which have basement finish, not a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in location, design, age, dwelling size, and some features. These comparables have improvement assessments that range from \$133,948 to \$153,842 or from \$41.70 to \$48.06 per square foot of living area. The subject's improvement assessment of \$147,375 or \$46.80 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
