

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ameer Judah
DOCKET NO.: 20-02850.001-R-1
PARCEL NO.: 07-35-204-025

The parties of record before the Property Tax Appeal Board are Ameer Judah, the appellant, by attorney Joan Vasquez of Property Tax Appeals, LLC in Palatine, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,604
IMPR.: \$71,560
TOTAL: \$88,164

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction containing 2,453 square feet of living area. The dwelling was built in 1995. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 443 square feet of building area. The property has an 8,710 square foot site in Waukegan, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales improved with two-story dwellings of wood siding exterior construction that range in size from 1,809 to 2,193 square feet of living area. The comparables were built from 1994 to 1996. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage ranging in size from 420 to 504 square feet of building area. These properties are located from .14 to 4.84 miles from the subject

property and have sites ranging in size from 6,970 to 10,050 square feet of land area. The appellant submitted copies of the Multiple Listing Service (MLS) listing sheets for the comparables disclosing the comparables sold for prices ranging from \$240,000 to \$254,000. Three of the MLS listing sheets disclosed that concessions were given ranging from \$2,250 to \$7,200. In the grid analysis the appellant indicated the sales occurred from June 2019 to August 2020 for prices ranging from \$232,800 to \$250,000 or from \$112.63 to \$128.69 per square foot of living area, including land, after taking the deduction for the concession as reported on the MLS listing sheet. The appellant requested the subject's total assessment be reduced to \$82,992.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,164. The subject's assessment reflects a market value of \$264,836 or \$107.96 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with two-story dwellings of wood siding exterior construction ranging in size from 2,097 to 2,435 square feet of living area. The homes were built in 1995 and 1996. Each comparable has a full basement with finished area, central air conditioning, and an attached garage with 441 or 443 square feet of building area. Three comparables have one fireplace. The comparables are located from approximately .14 to .33 of one mile from the subject property and have sites ranging in size from 6,530 to 13,070 square feet of land area. These properties sold from April 2019 to August 2020 for prices ranging from \$260,000 to \$275,000 or from \$112.94 to \$125.30 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives little weight to appellant's comparable sale #3 due to location as this property is located approximately 4.84 miles from the subject property. The remaining comparables are similar to the subject in location but appellant's comparables #1, #2 and #4 as well as board of review comparables #1 through #3 are significantly smaller than the subject dwelling. Additionally, each of the board of review comparables has finished basement area unlike the subject property suggesting each would require a downward adjustment to make them more equivalent to the subject property. For purposes of this appeal accepting the appellant's deduction of concessions from the sales prices, these seven comparables sold for prices ranging from \$232,800 to \$275,000 or from \$112.94 to \$128.69 per square foot of living area, including land. The comparable most similar to the subject dwelling in size is board of review comparable #4 with 2,435 square feet of living area that sold for a price of \$275,000 or \$112.94 per square foot of living area, including land. The subject's assessment reflects a market value of \$264,836 or \$107.96 per square foot of living area, including land, which is within the overall price range

but below the range established by the best comparable sales in this record on a price per square foot of living area basis. Additionally, the subject's total assessment is supported by the comparable improved with a home most similar to the subject dwelling in size. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
