

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Pasquesi  
DOCKET NO.: 20-02878.001-R-1  
PARCEL NO.: 12-27-303-002

The parties of record before the Property Tax Appeal Board are Robert Pasquesi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$245,273  
**IMPR.:** \$335,610  
**TOTAL:** \$580,883

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 6,102 square feet of living area. The dwelling was constructed in 1990 and is approximately 30 years old. Features of the home include a basement with 2,904 square feet of finished area, central air conditioning, five fireplaces and a 704 square foot garage. The property has an approximately 40,510 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 5,185 to 5,439 square feet of living area. The homes range in age from 32 to 40 years old. Each comparable has a basement, two of which have finished area of either 330 or 700

square feet. Each dwelling has central air conditioning, one to five fireplaces and a garage ranging in size from 816 to 1,000 square feet of building area. The comparables have improvement assessments that range from \$230,438 to \$238,408 or from \$42.58 to \$45.23 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$267,674 or \$43.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$580,883. The subject has an improvement assessment of \$335,610 or \$55.00 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on two equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction with either 5,091 or 5,412 square feet of living area that were built in 1984 or 1987. Each comparable has a basement, with one having 2,269 square feet of finished area, central air conditioning, three or four fireplaces and a garage with either 923 or 1,275 square feet of building area. The comparables have improvement assessments of \$315,693 and \$328,346 or for \$60.67 or \$62.01 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted five equity comparables for the Board's consideration. The Board finds both parties' comparables are smaller in dwelling size, larger in garage size and four of the five comparables have either an unfinished basement or substantially smaller finished basement area when compared to the subject. The five comparables are generally similar to the subject in location, age, design and some other features. These comparables have improvement assessments that range from \$230,438 to \$328,346 or from \$42.58 to \$62.01 per square foot of living area. The subject's improvement assessment of \$335,610 or \$55.00 per square foot of living area falls above the range established by the comparables in this record on an overall improvement assessment basis and within the range on a per square foot basis. Given the subject's dwelling size and basement finished area, relative to the comparable properties, an improvement assessment above the range appears to be logical. However, after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified, given the superior attributes of the subject.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
