

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeanne Crofton-Goldman
DOCKET NO.: 20-02895.001-R-1
PARCEL NO.: 12-33-110-033

The parties of record before the Property Tax Appeal Board are Jeanne Crofton-Goldman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$84,924
IMPR.: \$241,043
TOTAL: \$325,967

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,547 square feet of living area. The dwelling was constructed in 1927 with an effective age of 1942. Features of the home include a basement, a fireplace, a finished attic,¹ and a 525 square foot garage. The property has an approximately 9,250 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that are located in the same neighborhood code as the subject. The comparables consist of 2-story or 2.5-story dwellings of brick, stucco, or wood siding exterior construction

¹ Additional details not reported by the appellant have been drawn from the property record card submitted by the board of review.

ranging in size from 3,390 to 3,633 square feet of living area. The homes are 92 to 94 years old. Each dwelling has central air conditioning, two or three fireplaces, a basement with two having finished area, and a garage with 462 or 484 square feet of building area. The comparables have improvement assessments ranging from \$194,232 to \$215,607 or from \$53.46 to \$62.85 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$210,928 or \$59.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$325,967. The subject property has an improvement assessment of \$241,043 or \$67.96 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the subject's neighborhood code. The comparables consist of 1.5 or 2-story dwellings of brick or wood siding exterior construction that were built from 1923 to 1939, with comparable #3 having an effective age of 1944. The homes range in size from 3,343 to 3,833 square feet of living area. Each dwelling has two fireplaces, a basement with two having finished area, and an attached garage ranging in size from 308 to 510 square feet of building area. Comparable #4 also has a 720 square foot detached garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$276,759 to \$330,759 or from \$77.09 to \$90.11 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables and board of review comparables #1, #3, and #5 due to their dissimilar design or finished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4. These comparables had improvement assessments that of \$276,759 and \$330,759 or \$77.09 and \$86.29 per square foot of living area. The subject's improvement assessment of \$241,043 or \$67.96 per square foot of living area falls below the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
