

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lisa Reynolds
DOCKET NO.: 20-02953.001-R-1
PARCEL NO.: 12-30-207-033

The parties of record before the Property Tax Appeal Board are Lisa Reynolds, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,941
IMPR.: \$211,034
TOTAL: \$276,975

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,248 square feet of living area. The dwelling was constructed in 2003 and is approximately 17 years old. Features of the home include a basement that is finished with a recreation room, central air conditioning, a fireplace and a 573 square foot garage. The property has an approximately 13,590 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,864 to 3,350 square feet of living area. Each dwelling is 17 years old and has a basement, two of which have finished area. The comparables each have central air conditioning, one

fireplace and a garage ranging in size from 523 to 621 square feet of building area. The comparables have improvement assessments that range from \$171,731 to \$202,020 or from \$58.97 to \$60.30 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$194,311 or \$59.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$276,975. The subject property has an improvement assessment of \$211,034 or \$64.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,129 to 3,428 square feet of living area. The dwellings were built from 2000 to 2003. Each comparable has a basement that is finished with a recreation room, central air conditioning, one fireplace and a garage ranging in size from 380 to 652 square feet of building area. The comparables have improvement assessments that range from \$197,325 to \$219,618 or from \$61.61 to \$69.82 per square foot of living area.

The board of review argued that only one of the four appellant's comparables is brick, while three of the county comparables are brick and show practical uniformity.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3 and #4 which differ from the subject in dwelling size or have an unfinished basement, in contrast to the subject's basement that is finished with a recreation room.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the comparables presented by the board of review, which are overall more similar to the subject in dwelling size, design, age and some features. The comparables have improvement assessments that range from \$188,708 to \$219,618 or from \$58.97 to \$69.82 per square foot of living area. The subject's improvement assessment of \$211,034 or \$64.97 per square foot of living area falls within the range established by the best comparables in the record. Based on this

record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
