

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohannad Moosa
DOCKET NO.: 20-02959.001-R-1
PARCEL NO.: 07-10-310-011

The parties of record before the Property Tax Appeal Board are Mohannad Moosa, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,904
IMPR.: \$140,750
TOTAL: \$161,654

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story custom dwelling of wood siding exterior construction with 3,920 square feet of living area. The dwelling was constructed in 2002 and is approximately 18 years old. Features of the home include a basement that is finished with a 1,430 square foot recreation room, central air conditioning, a fireplace and an 849 square foot garage. The property has an approximately 16,280 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story custom dwellings of wood siding exterior construction ranging in size from 3,658 to 3,973 square feet of living area. Each dwelling is 18 years old and has an

unfinished basement, central air conditioning, a fireplace and a garage ranging in size from 476 to 684 square feet of building area. The comparables have improvement assessments that range from \$119,782 to \$132,052 or from \$30.29 to \$33.51 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$127,498 or \$32.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,654. The subject property has an improvement assessment of \$140,750 or \$35.91 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story custom dwellings of wood siding exterior construction ranging in size from 2,979 to 3,217 square feet of living area. The dwellings were built in 2002 or 2003. The comparables each have a basement, one of which is finished with a 721 square foot recreation room. Each comparable has central air conditioning, a fireplace and a garage with either 462 or 540 square feet of building area. The comparables have improvement assessments that range from \$108,339 to \$113,540 or from \$35.16 to \$36.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to comparables presented by the board of review due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are most similar to the subject in dwelling size, design and age. However, the Board finds these four comparables are inferior to the subject in that they have unfinished basements and smaller garages when compared to the subject, which has a 1,430 square foot basement recreation room and an 849 square foot garage, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$119,782 to \$132,052 or from \$30.29 to \$33.51 per square foot of living area. The subject's improvement assessment of \$140,750 or \$35.91 per square foot of living area falls above the range established by the best comparables in the record, which appears to be justified given its superior features. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
