

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Latek
DOCKET NO.: 20-02962.001-R-1
PARCEL NO.: 12-33-126-029

The parties of record before the Property Tax Appeal Board are Edward Latek, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$76,587
IMPR.: \$203,550
TOTAL: \$280,137

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,212 square feet of living area. The dwelling was constructed in 1986 and is approximately 34 years old. Features of the home include a basement that is finished with a recreation room, central air conditioning, a fireplace and a 440 square foot garage. The property has an approximately 9,370 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,748 to 3,830 square feet of living area. The dwellings are 35 to 46 years old. The

comparables each have a basement, three of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 504 to 864 square feet of building area. The comparables have improvement assessments that range from \$134,580 to \$224,975 or from \$47.68 to \$58.74 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$169,593 or \$52.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$280,137. The subject property has an improvement assessment of \$203,550 or \$63.37 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,836 to 3,636 square feet of living area. The dwellings were built from 1978 to 1993. Each comparable has a basement that is finished with a recreation room, central air conditioning, one to three fireplaces and a garage ranging in size from 420 to 866 square feet of building area. The comparables have improvement assessments that range from \$175,945 to \$258,819 or from \$61.54 to \$72.75 per square foot of living area.

The board of review asserted the county comparables support practical uniformity due to the dwellings being closer in gross living area to the subject and all have finished basements, like the subject.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #3 and #4 due to their differences from the subject in finished basement area, dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2, which are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments of \$194,972 and \$231,777 or \$61.54 and \$72.75 per square foot of living area. The subject's improvement assessment of \$203,550 or \$63.37 per square foot of living area falls between the assessments of the two best comparables in the record. Based on this record and after considering adjustments to the best comparables for

differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
