

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Torres Lopez
DOCKET NO.: 20-02968.001-R-1
PARCEL NO.: 09-02-207-013

The parties of record before the Property Tax Appeal Board are Sandra Torres Lopez, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,208
IMPR.: \$57,414
TOTAL: \$79,622

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 1,992 square feet of living area. The dwelling was constructed in 2007 and is approximately 13 years old. Features of the home include an unfinished basement, central air conditioning and a 440 square foot garage. The property has an approximately 10,620 square foot site and is located in Volo, Wauconda Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .30 of a mile from the subject property. The comparables have sites that range in size from 8,123 to 10,001 square feet of land area. The comparables are improved with two-story dwellings of vinyl siding exterior construction ranging in size from 2,074 to 2,320 square feet of living area. The dwellings are 11 to 13 years old.

Each comparable has an unfinished basement, central air conditioning and a garage ranging in size from 460 to 618 square feet of building area. Two comparables each have one fireplace. The comparables sold from May 2018 to March 2020 for prices ranging from \$215,000 to \$255,000 or from \$95.13 to \$110.87 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$69,238, which would reflect a market value of \$207,735 or \$104.28 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,622. The subject's assessment reflects a market value of \$239,177 or \$120.07 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .51 of a mile from the subject property. Board of review comparable #5 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 8,120 to 10,150 square feet of land area. The comparables are improved with two-story dwellings of vinyl siding exterior construction ranging in size from 1,624 to 2,116 square feet of living area. The dwellings were built from 2008 to 2012. The comparables each have a basement, one of which is finished with a recreation room. Each comparable has central air conditioning and a garage ranging in size from 400 to 618 square feet of building area. Three comparables each have one fireplace. The comparables sold from March 2019 to July 2020 for prices ranging from \$212,000 to \$250,000 or from \$110.66 to \$130.54 per square foot of living area, including land.

The board of review argued that two of the appellant's sales occurred in 2018. The board of review asserted the county sales support the subject's current assessment.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration, as one sale was common to both parties. The Board has given less weight to the appellant's comparables #1, #2 and #4 due to differences from the subject in dwelling size and/or their sale dates occurred in 2018, which are less proximate in time to the assessment date at issue than the comparable sales presented by the board of review, and thus less likely to be indicative of the subject's market value as of January 1, 2020. The Board has given reduced weight to board of review

comparables #1 and #2 which differ from the subject in dwelling size or they have a basement finished with a recreation room, not a feature of the subject.

The Board finds the best evidence of market value to be the parties' remaining comparable, which includes the common sale. The Board finds these three comparables sold proximate in time to the assessment date at issue and are similar to the subject in location, dwelling size, design, age and some features. The comparables sold from January 2019 to July 2020 for prices ranging from \$229,500 to \$250,000 or from \$110.66 to \$120.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$239,177 or \$120.07 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
