

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Techau  
DOCKET NO.: 20-03030.001-R-1  
PARCEL NO.: 22-33-252-007

The parties of record before the Property Tax Appeal Board are William Techau, the appellant; and the Kendall County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kendall** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,330  
**IMPR.:** \$133,586  
**TOTAL:** \$144,916

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Kendall County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,683 square feet of living area. The dwelling was constructed in 2003 and is approximately 17 years old. Features of the home include a full basement, central air conditioning, a fireplace, and a 754 square foot garage. The property has an approximately 16,812 square foot site and is located in Yorkville, Bristol Township, Kendall County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located 2 blocks from the subject property and within the same neighborhood as the subject property. The comparables are improved with 2-story homes of brick and wood siding exterior construction ranging in size from 3,068 to 3,486 square feet of living area. The dwellings were built in 1992 and 1999. Each home has a full basement, central air conditioning, a fireplace, and a 660 square foot garage. Comparable #1 has an inground swimming pool. The

comparables have improvement assessments ranging from \$101,957 to \$122,884 or from \$31.90 to \$35.25 per square foot of living area.

The appellant submitted a brief outlining the increases in the comparables' improvement assessments from 2019 to 2020.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$129,670 or \$35.21 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,916. The subject property has an improvement assessment of \$133,586 or \$36.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located from 0.02 to 0.06 of a mile from the subject property and within the same neighborhood as the subject property. The comparables are improved with 2-story homes of brick and frame exterior construction ranging in size from 3,608 to 3,721 square feet of living area. The dwellings range in age from 11 to 19 years old. Each home has a basement, two of which are walkout basements, central air conditioning, one or two fireplaces, and a garage ranging in size from 711 to 790 square feet of building area. The comparables have improvement assessments ranging from \$132,813 to \$141,535 or from \$36.18 to \$38.04 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3, due to substantial differences from the subject in dwelling size and/or inground swimming pool amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review's comparables, which are relatively similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$122,884 to \$141,535 or from \$35.25 to \$38.04 per square foot of living area. The subject's improvement assessment of \$133,586 or \$36.27 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after

considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
