

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Iacovelli  
DOCKET NO.: 20-03068.001-R-1  
PARCEL NO.: 14-33-203-001

The parties of record before the Property Tax Appeal Board are Patricia Iacovelli, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$45,141  
**IMPR.:** \$142,915  
**TOTAL:** \$188,056

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,290 square feet of living area. The dwelling was constructed in 1977 and is approximately 43 years old. Features of the home include a basement, central air conditioning, a fireplace, a 1,015 square foot garage, and an inground swimming pool.<sup>1</sup> The property has an approximately 46,604 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick exterior construction with

either 3,201 or 3,297 square feet of living area. The dwellings range in age from 43 to 45 years old. Each home has a basement, central air conditioning, a fireplace, and a garage with either 725 or 754 square feet of building area. The comparables have improvement assessments ranging from \$99,091 to \$123,268 or from \$30.96 to \$37.39 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$112,106 or \$34.08 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,056. The subject property has an improvement assessment of \$142,915 or \$43.44 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick exterior construction ranging in size from 3,057 to 3,363 square feet of living area. The dwellings were built in 1976 or 1977. Each home has a basement, central air conditioning, a fireplace, and a 754 square foot garage. The comparables have improvement assessments ranging from \$133,639 to \$147,115 or from \$43.46 to \$43.75 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration, which are similar to the subject in dwelling size, age, location, and most features, although none of the comparables has an inground swimming pool like the subject and all of the comparables have smaller garage than the subject. These comparables have improvement assessments that range from \$99,091 to \$147,115 or from \$30.96 to \$43.75 per square foot of living area. The subject's improvement assessment of \$142,915 or \$43.44 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
