

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Haight
DOCKET NO.: 20-03089.001-R-1
PARCEL NO.: 11-11-305-009

The parties of record before the Property Tax Appeal Board are Stephen Haight, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,347
IMPR.: \$115,839
TOTAL: \$185,186

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction containing 2,662 square feet of living area. The dwelling was built in 1985 and is approximately 35 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached two-car garage with 440 square feet of building area. The property has a site with approximately 40,790 square feet of land area located in Green Oaks, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales improved with two-story dwellings of wood siding exterior construction that range in size from 2,883 to 3,261 square feet of living area. The homes range in age from 37 to 39 years old. Each property has an unfinished full basement, central air conditioning, one or two fireplaces and an attached garage ranging in size

from 484 to 1,481 square feet of building area. The comparables have sites ranging in size from 40,218 to 43,934 square feet of land area and are located from approximately .36 to .45 of one mile from the subject property. The sales occurred from December 2019 and July 2020 for prices ranging from \$500,000 to \$573,350 or from \$153.33 to \$180.02 per square foot of living area, including land. The appellant requested the subject's total assessment be reduced to \$151,734.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,186. The subject's total assessment reflects a market value of \$556,281 or \$208.97 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with two-story dwellings of frame construction that range in size from 2,448 to 2,715 square feet of living area. The homes were built in 1987 and 1988. Each comparable has an unfinished full basement, central air conditioning, one fireplace, and an attached garage ranging in size from 483 to 780 square feet of building area. These properties have sites ranging in size from 39,838 to 44,807 square feet of land area. The comparables have the same assessment neighborhood code as the subject and are located from approximately .57 to .88 of one mile from the subject property. The sales occurred from December 2018 to May 2020 for prices ranging from \$530,000 to \$579,900 or from \$202.83 to \$224.26 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the comparable sales submitted by the board of review as these properties are improved with dwellings more similar to the subject in size than are the comparables provided by the appellant. The board of review comparables sold for prices ranging from \$530,000 to \$579,900 or from \$202.83 to \$224.26 per square foot of living area, including land. The subject's assessment reflects a market value of \$556,281 or \$208.97 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
