

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gislene Lessa
DOCKET NO.: 20-03103.001-R-1
PARCEL NO.: 11-29-209-006

The parties of record before the Property Tax Appeal Board are Gislene Lessa, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,909
IMPR.: \$172,923
TOTAL: \$227,832

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,423 square feet of living area. The dwelling was constructed in 2001 and is approximately 19 years old. Features of the home include a basement,¹ central air conditioning, one fireplace, and a 707 square foot garage. The property has an approximately 13,230 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.11 of a mile from the subject property. The appellant reported that the comparables are improved

¹ The appellant and board of review both reported that the subject has an unfinished basement, however, an MLS listing presented by the board of review indicated that the subject has a finished basement.

with 2-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 3,453 to 4,282 square feet of living area. The dwellings range in age from 16 to 22 years old. Each comparable has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 714 to 982 square feet of building area. The comparables have improvement assessments that range from \$155,865 to \$193,749 or from \$41.19 to \$45.76 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$149,670 or \$43.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$227,832. The subject property has an improvement assessment of \$172,923 or \$50.52 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within 0.12 of a mile from the subject property. The comparables are improved with 1-story or 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,145 to 3,615 square feet of living area. The dwellings were built from 1999 to 2004. The comparables each have a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 606 to 872 square feet of building area. The comparables have improvement assessments that range from \$160,167 to \$173,674 or from \$47.39 to \$55.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The board of review also provided a copy of a MLS sales data sheet associated with the subject property's 2018 sale that indicated the subject dwelling had a finished basement, was recently updated, and had "many recent improvements." This was not refuted by the appellant.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3, and #4 which differ from the subject in dwelling size. The Board gives reduced weight to board of review comparable #2 which has a dissimilar 1-story design, unlike the subject's 2-story design.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, age, dwelling size, and some features. The comparables have improvement assessments that range from \$158,005 to \$173,674 or from \$45.76 to \$52.35 per square foot of living area. The subject's improvement assessment of

\$172,923 or \$50.52 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
