

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Gerstein
DOCKET NO.: 20-03111.001-R-1
PARCEL NO.: 11-32-214-006

The parties of record before the Property Tax Appeal Board are Robert Gerstein, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,190
IMPR.: \$147,791
TOTAL: \$191,981

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick and frame construction containing 3,382 square feet of living area. The dwelling was constructed in 1999 and is approximately 21 years old. Features of the home include an unfinished basement, central air conditioning, and an attached garage with 640 square feet of building area. The property has a 14,167 square foot site located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story dwellings of brick and frame construction that range in size from 3,657 to 4,221 square feet of living area. The homes are 21 or 23 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage with either 599 or 690 square feet of building area. The comparables are located within

.18 of one mile from the subject property. The comparables have improvement assessments ranging from \$152,702 to \$166,261 or from \$37.12 to \$41.76 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$133,363.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$191,981. The subject property has an improvement assessment of \$147,791 or \$43.70 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick and frame construction that range in size from 3,039 to 3,393 square feet of living area. The comparables were built from 1997 to 1999. Each comparable has an unfinished basement, central air conditioning, one fireplace, and an attached garage ranging in size from 420 to 690 square feet of building area. The comparables are located within .20 of one mile from the subject property. The comparables have improvement assessments ranging from \$136,005 to \$153,246 or from \$44.13 to \$45.60 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and the comparables submitted by the board of review. The Board finds these comparables are most similar to the subject dwelling in size and most features with the exception each comparable has one fireplace, whereas the subject property has no fireplace, suggesting each property would require a downward adjustment to make it more similar to the subject for this amenity. These comparables have improvement assessments that range from \$136,005 to \$153,246 or from \$41.76 to \$45.60 per square foot of living area. The subject's improvement assessment of \$147,791 or \$43.70 per square foot of living area falls within the range established by the best comparables in this record. Little weight is given appellant's comparables #1 and #2 due to differences from the subject dwelling in size. Based on this record the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
