

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANTS: William & Carol Rajski
DOCKET NO.: 20-03114.001-R-1
PARCEL NO.: 14-22-101-012

The parties of record before the Property Tax Appeal Board are William & Carol Rajski, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,683
IMPR.: \$141,685
TOTAL: \$192,368

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,268 square feet of living area. The dwelling was constructed in 1979 and is approximately 41 years old. Features of the home include a basement, central air conditioning, one fireplace, and a 706 square foot garage. The property has an approximately 70,070 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.75 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,820 to 4,093 square feet of living area. The dwellings are from 32 to 132 years old. Each comparable has a basement,

central air conditioning, one or two fireplaces, and a garage with 600 or 774 square feet of building area. The comparables have improvement assessments that range from \$88,003 to \$123,509 or from \$30.18 to \$34.63 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$104,576 or \$32.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,368. The subject property has an improvement assessment of \$141,685 or \$43.36 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located from 0.53 of a mile to 1.08 miles from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,231 to 3,367 square feet of living area. The dwellings were built in 1988 with comparable #2 having an effective date of 1989. The board of review reported that each comparable has a basement, central air conditioning, one fireplace, and a garage that ranges in size from 660 to 869 square feet of building area. The comparables have improvement assessments that range from \$150,759 to \$177,700 or from \$45.12 to \$52.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #1, #2, and #4 which differ from the subject in dwelling size or age. The Board also gives less weight to board of review comparables #1 and #5 which are less proximate in location to the subject than the other comparables in the record. The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are most similar to the subject in location, design, age, dwelling size, and other features. Furthermore, the Board gives reduced weight to the appellants' comparable #3 which appears to be an outlier with an improvement assessment that is over 29% lower than the other three most similar comparables in the record. The three remaining comparables have improvement assessments ranging from \$151,932 to \$153,598 or from \$45.12 to \$47.54 per square foot of living area. The subject's improvement assessment of \$141,685 or \$43.36 per square foot of living area falls below the range established by the best comparables in the record. Based on the record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
