

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marianna Schlacher
DOCKET NO.: 20-03125.001-R-1
PARCEL NO.: 11-36-201-023

The parties of record before the Property Tax Appeal Board are Marianna Schlacher, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$90,322
IMPR.: \$182,478
TOTAL: \$272,800

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,578 square feet of living area.¹ The dwelling was constructed in 1996 and is approximately 24 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a 504 square foot garage. The property has an approximately 8,197 square foot site and is located in Lake Forest, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.12 of a mile from the subject property. The comparables are improved with 2-story dwellings of

¹ The parties differ as to the dwelling size of the subject. The Board finds the best evidence of the property's description is the property record card presented by the board of review which was not refuted by the appellant.

brick or wood siding exterior construction ranging in size from 3,025 to 3,521 square feet of living area. The dwellings range in age from 20 to 22 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 462 to 904 square feet of building area. The comparables have improvement assessments that range from \$141,375 to \$177,953 or from \$45.64 to \$50.54 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$166,300 or \$46.48 per square foot of living area, based on 3,578 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$285,340. The subject property has an improvement assessment of \$195,018 or \$54.50 per square foot of living area, based on 3,578 square feet of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within .11 of a mile from the subject property. The comparables are improved with 2-story² dwellings of brick and wood siding exterior construction ranging in size from 2,903 to 3,065 square feet of living area. The dwellings were built in 1998 or 2002. The comparables each have an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 452 to 506 square feet of building area. The comparables have improvement assessments that range from \$165,183 to \$167,190 or from \$53.89 to \$57.54 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 as well as the board of review comparables which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's remaining comparables which are more similar to the subject in location, design, age, dwelling size, and some features. These comparables have improvement assessments that range from \$159,653 to \$177,953 or from \$45.64 to \$50.54 per square foot of living area. The subject's improvement assessment of \$195,018 or \$56.49 per square foot of living area falls above the range established

² Board of review comparables #1 and #2 have ground floor area of 933 and 957 square feet, respectively, with above ground area of 2,903 and 2,990 square feet, respectively, suggesting these are part 2-story dwellings.

by the best comparables in the record and is excessive. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
