

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas & Jennifer Rielly
DOCKET NO.: 20-03127.001-R-1
PARCEL NO.: 11-17-405-003

The parties of record before the Property Tax Appeal Board are Thomas & Jennifer Rielly, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$71,716
IMPR.: \$133,577
TOTAL: \$205,293

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,773 square feet of living area. The dwelling was constructed in 1976 and is approximately 44 years old. Features of the home include an unfinished basement, central air conditioning, and a 527 square foot attached garage. The property has an approximately 14,705 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within 0.10 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,891 to 3,278 square feet of living area. The dwellings are 46 or 47 years old. Each comparable has an unfinished basement,

central air conditioning, one fireplace, and a garage ranging in size from 506 to 552 square feet of building area. The comparables have improvement assessments that range from \$108,256 to \$140,969 or from \$33.56 to \$43.27 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$105,651 or \$38.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,293. The subject property has an improvement assessment of \$133,577 or \$48.17 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within 0.22 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,618 to 2,760 square feet of living area. The dwellings were built from 1974 to 1976 with an effective built range of 1974 to 1977. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage ranging in size from 440 to 506 square feet of building area. The comparables have improvement assessments that range from \$127,352 to \$136,036 or from \$48.64 to \$49.30 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellants' comparables due to differences from the subject in dwelling size or basement size.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject in location, design, age, dwelling size, basement size, and some features. The comparables have improvement assessments that range from \$127,352 to \$136,036 or from \$48.64 to \$49.30 per square foot of living area. The subject's improvement assessment of \$133,577 or \$48.17 per square foot of living area falls within the range established by the best comparables in the record in terms of overall improvement assessment but below on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
