

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Kozin  
DOCKET NO.: 20-03137.001-R-1  
PARCEL NO.: 11-28-303-036

The parties of record before the Property Tax Appeal Board are Robert Kozin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$69,984  
**IMPR.:** \$217,604  
**TOTAL:** \$287,588

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 4,504 square feet of living area. The dwelling was built in 2004 and is approximately 16 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace, and an 845 square foot attached garage. The property has an approximately 15,062 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject property and located within 0.13 of a mile from the subject. The appellant reported that the comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 4,056 to 4,357 square feet of living area. The dwellings are 15 or 16 years old. Each comparable has an unfinished

basement, central air conditioning, one fireplace, and a 646 to 991 square foot garage. The comparables have improvement assessments that range from \$171,873 to \$188,909 or from \$40.69 to \$46.58 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$193,972 or \$43.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$287,588. The subject property has an improvement assessment of \$217,604 or \$48.31 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.08 of a mile from the subject. The board of review reported that the comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 4,061 to 4,401 square feet of living area. The dwellings were built in 2005 or 2006. Each comparable has an unfinished full basement, central air conditioning, one or two fireplaces, and a 671 to 758 square foot garage. The comparables have improvement assessments that range from \$207,887 to \$217,692 or from \$49.46 to \$51.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board finds the parties' comparables to be similar to the subject in location, age, dwelling size, and most features. The comparables have improvement assessments that range from \$171,873 to \$217,692 or from \$40.69 to \$51.19 per square foot of living area. The subject's improvement assessment of \$217,604 or \$48.31 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
