

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Karahalios  
DOCKET NO.: 20-03140.001-R-1  
PARCEL NO.: 11-18-204-044

The parties of record before the Property Tax Appeal Board are George Karahalios, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$55,816  
**IMPR.:** \$110,473  
**TOTAL:** \$166,289

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,179 square feet of living area. The dwelling was built in 1986 and is approximately 34 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 484 square foot attached garage. The property has an approximately 12,001 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject property and located within 0.21 of a mile from the subject. The comparables have sites that range in size from 10,105 to 17,363 square feet of land area. The comparables are improved with 2-story dwellings with either 3,179 or 3,660 square feet of living area. The dwellings are each 33 years old. Each comparable has an unfinished full

basement, central air conditioning, one fireplace, and a 484 or 552 square foot garage. The properties sold in March 2019 or March 2020 for prices ranging from \$430,000 to \$515,000 or from \$117.49 to \$162.00 per square foot of living area, land included.

Based on this evidence, the appellant requested the subject's assessment be reduced to \$152,486, which would reflect a market value of \$457,504 or \$143.91 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,047 reflecting a market value of \$540,844 or \$170.13 per square foot of living area, including land, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales the same assessment neighborhood code as the subject property and located within 0.13 of a mile from the subject. The comparables have sites that range in size from 10,700 or 17,810 square feet of land area. These comparables are improved with 2-story dwellings of brick with either 2,873 or 2,888 square feet of living area. The dwellings were built in 1986 or 1987 with comparable #2 having an effective built year of 1996. Each comparable has an unfinished full basement, central air conditioning, one or two fireplaces, and a 484 square foot garage. The properties sold from May 2019 to April 2021 for prices ranging from \$522,500 to \$600,000 or from \$180.92 to \$207.76 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains seven comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #2 and board of review comparables which differ from the subject in dwelling size.

The Board finds the best evidence of market value to be the appellant's comparable #1 and #3 which are identical to the subject in age, dwelling size, and features. These properties sold in March 2019 and March 2020 for prices of \$484,000 and \$515,000 or \$152.25 and \$162.00 per square foot of living area, land included, respectively. The subject's assessment reflects an estimated market value of \$540,844 or \$170.13 per square foot of living area, land included, which falls above the estimated market values of the two best comparable sales in the record and is excessive. Based on the record, the Board finds the subject's estimated market value as reflected by its assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
