

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zhuang Guo
DOCKET NO.: 20-03148.001-R-1
PARCEL NO.: 11-28-410-018

The parties of record before the Property Tax Appeal Board are Zhuang Guo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,273
IMPR.: \$195,750
TOTAL: \$233,023

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,387 square feet of living area. The dwelling was constructed in 2004 and is approximately 16 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 705 square foot garage. The property has an approximately 8,402 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject and located within 0.11 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction that range in size from 3,664 to 4,379 square feet of living area. The homes are each 16 years old. Each comparable has an unfinished basement, central air

conditioning, and a garage ranging in size from 667 to 756 square feet of building area. Two comparables each have one fireplace. The comparables had improvement assessments ranging from \$117,460 to \$164,626 or from \$30.49 to \$41.72 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$160,783 or \$36.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$233,023. The subject property has an improvement assessment of \$195,750 or \$44.62 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property and located within 0.10 of a mile from the subject. The comparables are each improved with a 2-story dwelling of brick exterior construction with 4,387 square feet of living area. The homes were built in 2004 or 2005. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a 705 square foot garage. The comparables have improvement assessments ranging from \$196,062 to \$197,095 or from \$44.69 to \$44.93 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gave less weight to the appellant's comparables which have dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, age, and design with identical dwelling, basement and garage sizes as the subject. These comparables have improvement assessments that range from \$196,062 to \$197,095 or from \$44.69 to \$44.93 per square foot of living area. The subject's improvement assessment of \$195,750 or \$44.62 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
