

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pedro Avalos Esparza
DOCKET NO.: 20-03167.001-R-1
PARCEL NO.: 14-31-407-032

The parties of record before the Property Tax Appeal Board are Pedro Avalos Esparza, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,297
IMPR.: \$103,227
TOTAL: \$145,524

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,308 square feet of living area. The dwelling was constructed in 1974 and is approximately 46 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 528 square foot attached garage. The property has an approximately 30,073 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.64 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,466 to 2,697 square feet of living area. The dwellings are from 33 to 53 years old. Each comparable has an unfinished

basement, central air conditioning, one fireplace, and a 484 or 504 square foot garage. The comparables have improvement assessments that range from \$106,238 to \$112,423 or from \$40.84 to \$43.08 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$97,570 or \$42.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$145,524. The subject property has an improvement assessment of \$103,227 or \$44.73 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.59 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding, brick and wood siding, or brick and vinyl siding exterior construction ranging in size from 2,129 to 2,464 square feet of living area. The dwellings were built from 1962 to 1974. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a 420 to 672 square foot garage. The comparables have improvement assessments that range from \$97,697 to \$115,063 or from \$45.51 to \$46.70 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3 as well as board of review comparable #5 which differ from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 as well as board of review comparable #1 through #4 which are more similar to the subject in location, design, age, dwelling size and other features. These comparables have improvement assessments ranging from \$97,697 to \$115,063 or from \$43.08 to \$46.70 per square foot of living area. The subject's improvement assessment of \$103,227 or \$44.73 per square foot of living area falls within the range established by the best comparables in the record. Based on the evidence in the record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
