

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Clay Hessel  
DOCKET NO.: 20-03169.001-R-1  
PARCEL NO.: 11-28-303-040

The parties of record before the Property Tax Appeal Board are Clay Hessel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$69,984  
**IMPR.:** \$217,118  
**TOTAL:** \$287,102

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 4,264 square feet of living area. The dwelling was constructed in 2005 and is approximately 15 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 738 square foot garage. The property has an approximately 14,587 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.11 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 4,056 to 4,504 square feet of living area. The dwellings are 15 or 16 years old. Each comparable has an unfinished basement, central air

conditioning, one fireplace, and a garage ranging in size from 646 to 991 square feet of building area. The comparables have improvement assessments that range from \$171,873 to \$217,604 or from \$40.69 to \$48.31 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$189,215 or \$44.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$287,102. The subject property has an improvement assessment of \$217,118 or \$50.92 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.12 of a mile from the subject. The comparables are improved with 2-story<sup>1</sup> dwellings of brick or brick and wood siding exterior construction ranging in size from 3,945 to 4,213 square feet of living area. The dwellings were built from 2005 to 2010. Each comparable has an unfinished basement, central air conditioning, one to three fireplaces, and a garage ranging in size from 671 to 896 square feet of building area. The comparables have improvement assessments that range from \$202,440 to \$225,201 or from \$51.19 to \$53.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board finds the parties' comparables to be similar to the subject in location, age, dwelling size, and most features. These comparables have improvement assessments that range from \$171,873 to \$225,201 or from \$40.69 to \$53.45 per square foot of living area. The subject's improvement assessment of \$217,118 or \$50.92 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

<sup>1</sup> Board of review comparable #3 has ground floor area of 571 with above ground area of 4,213 square feet suggesting this is a part 2-story dwelling.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
