

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Lauren
DOCKET NO.: 20-03179.001-R-1
PARCEL NO.: 11-27-108-026

The parties of record before the Property Tax Appeal Board are Thomas Lauren, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,663
IMPR.: \$99,893
TOTAL: \$156,556

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,539 square feet of living area. The dwelling was constructed in 1979 and is approximately 41 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 483 square foot attached garage. The property has an approximately 10,951 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject property and located within 0.31 of a mile from the subject. The comparables have sites that range in size from 9,552 to 10,693 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,470 to 2,759 square feet of living area. The dwellings are from 38 to 43 years old. Each

comparable has an unfinished basement, central air conditioning, one fireplace, and a 462 to 558 square foot garage. The properties sold from October 2019 to May 2020 for prices ranging from \$399,999 to \$485,000 or from \$160.24 to \$182.51 per square foot of living area, land included.

Based on this evidence, the appellant requested the subject's assessment be reduced to \$143,961 which would reflect a market value of \$431,926 or \$170.12 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,556. The subject's assessment reflects a market value of \$470,279 or \$185.22 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject property and located within 0.24 of a mile from the subject. The comparables have sites that range in size from 9,620 to 13,310 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,556 to 2,759 square feet of living area. The dwellings were built from 1977 to 1983 with comparable #3 having an effective built date of 1991. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a 462 to 558 square foot garage. The properties sold from March to September 2020 for prices ranging from \$485,000 to \$565,000 or from \$175.79 to \$221.05 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested comparable sales for the Board's consideration. The Board finds that the parties' comparable sales are similar to the subject in location, design, age, dwelling size, and most features. These comparables sold from October 2019 to September 2020 for prices ranging from \$399,999 to \$565,000 or from \$160.24 to \$221.05 per square foot of living area, land included. The subject's assessment reflects a market value of \$470,279 or \$185.22 per square foot of living area, land included, which falls within the range established by the comparable sales in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
