

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pam Glaser
DOCKET NO.: 20-03275.001-R-1
PARCEL NO.: 14-05-405-006

The parties of record before the Property Tax Appeal Board are Pam Glaser, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,179
IMPR.: \$170,596
TOTAL: \$205,775

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,939 square feet of living area. The dwelling was constructed in 1994. Features of the home include a basement, central air conditioning, a fireplace, and an 828 square foot garage. The property has an approximately 41,680 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 4,048 to 4,595 square feet of living area. The dwellings were built in 1994 or 1996. Each home has a basement, one of which is a walkout basement, central air

conditioning, one to four fireplaces, and a garage ranging in size from 702 to 974 square feet of building area. The comparables have improvement assessments ranging from \$131,752 to \$175,880 or from \$29.27 to \$40.04 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,775. The subject property has an improvement assessment of \$170,596 or \$43.31 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes¹ of brick or brick and wood siding exterior construction ranging in size from 3,482 to 3,844 square feet of living area. The dwellings were built in 1994 or 1996. Each home has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 709 to 962 square feet of building area. The comparables have improvement assessments ranging from \$159,582 to \$182,759 or from \$45.83 to \$47.54 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 and the board of review's comparables #1 and #3, which are less similar to the subject in dwelling size than other comparables in this record. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #4, and #5 and the board of review's comparables #2, #4, and #5, which are similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$155,393 to \$182,759 or from \$37.94 to \$47.54 per square foot of living area. The subject's improvement assessment of \$170,596 or \$43.31 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The Board finds comparable #3, which was reported to be a 1-story home, is a 2-story, as the board of review also reported this property has above ground living area of 3,530 square feet and ground floor living area of 853 square feet, indicating there is living area on a second floor.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
