

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bobby Tuli  
DOCKET NO.: 20-03371.001-R-1  
PARCEL NO.: 15-16-103-009

The parties of record before the Property Tax Appeal Board are Bobby Tuli, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,285  
**IMPR.:** \$172,832  
**TOTAL:** \$207,117

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 3,634 square feet of living area. The dwelling was constructed in 1990. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 736 square foot garage. The property has a 12,241 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales presented in two grid analyses. The comparables are located within 0.16 of a mile from the subject property. The parcels range in size from 10,000 to 11,518 square feet of land area and are improved with 2-story homes of brick or frame exterior construction ranging in size from 3,358 to 3,926 square feet of living area. The dwellings were built from 1992 to 1995. Each home has a basement, two of which have finished

area, central air conditioning, one or three fireplaces, and a garage ranging in size from 638 to 733 square feet of building area. The comparables sold from February to December 2019 for prices ranging from \$550,000 to \$688,000 or from \$140.09 to \$204.88 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment to \$207,117 which would reflect a market value of \$621,413 or \$171.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$222,863. The subject's assessment reflects a market value of \$669,459 or \$184.22 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.14 of a mile from the subject. Comparables #1 and #2 are the same properties as the appellant's comparables #5 and #4, respectively. Comparable #3 has a 11,500 square foot site that is improved with a 2-story dwelling of brick exterior construction with 3,840 square feet of living area. The home was built in 2001 and features a basement, central air conditioning, a fireplace, and a 624 square foot garage. This comparable sold in August 2019 for a price of \$743,000 or \$193.49 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of six comparable sales, with two common sales, for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #4, and #5 and the board of review's comparables, which includes the two common comparables, which each lack finished basement area that is a feature of the subject.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3, which are similar to the subject in dwelling size, age, location, lot size, and most features. These most similar comparables sold in November and December 2019 for prices of \$602,500 and \$640,000 or for \$156.86 and \$170.03 per square foot of living area, including land. The subject's assessment reflects a market value of \$669,459 or \$184.22 per square foot of living area, including land, which is above the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
