

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Brendel
DOCKET NO.: 20-03374.001-R-1
PARCEL NO.: 15-16-102-007

The parties of record before the Property Tax Appeal Board are Robert Brendel, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,454
IMPR.: \$172,432
TOTAL: \$206,886

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding and brick exterior construction that was built in 1990 and contains 3,393 square feet of living area. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 506 square feet of building area. The property has a 10,100 square foot site located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales improved with two-story dwellings of frame or brick exterior construction that range in size from 3,358 to 3,926 square feet of living area. The homes were built from 1992 to 1995. Each property has a basement with two having finished area, central air conditioning, one or three fireplaces and an attached garage ranging in size from 638 to 733 square feet of building area. The comparables have sites ranging in size

from 10,000 to 11,518 square feet of land area and are located within .17 of one mile from the subject property. The sales occurred from February 2019 to December 2019 for prices ranging from \$550,000 to \$688,000 or from \$140.09 to \$204.88 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$188,858.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$206,886. The subject's assessment reflects a market value of \$621,466 or \$183.16 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales with comparables #1 and #2 being the same properties as appellant's comparables #5 and #4, respectively. The comparables are improved with two-story dwellings of brick or a combination of brick and wood siding exterior construction. The homes were built in 1992 or 1995 and range in size from 3,358 to 3,501 square feet of living area. Each comparable has an unfinished full basement, central air conditioning, one fireplace and an attached garage ranging in size from 652 to 753 square feet of building area. These properties have sites ranging in size from 10,000 to 10,550 square feet of land area and are located within approximately .17 of one mile from the subject property. The sales occurred from May 2019 to September 2020 for prices ranging from \$619,000 to \$688,000 or from \$176.81 to \$204.88 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant's comparable sales #4 and #5 as well as the board of review comparable sales, which includes two common comparable sales. These comparables are similar to the subject dwelling in age, size and most features with the exception that these three comparables each have a larger garage than the subject suggesting a downward adjustment to each comparable would be appropriate for this feature. These most similar comparables sold for prices ranging from \$619,000 to \$688,000 or from \$173.05 to \$204.88 per square foot of living area, including land. The subject's assessment reflects a market value of \$621,466 or \$183.16 per square foot of living area, including land, which is within the range established by the best comparable sales in this record and supported after considering the appropriate adjustments for various differences in basement size and garage size. Less weight is given to appellant's comparable sales #1 through #3 primarily due to differences from the subject dwelling in size. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
