

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Korostynski
DOCKET NO.: 20-03391.001-R-1
PARCEL NO.: 15-14-204-014

The parties of record before the Property Tax Appeal Board are Charles Korostynski, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$71,598
IMPR.: \$198,375
TOTAL: \$269,973

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 4,233 square feet of living area. The dwelling was constructed in 1986. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 720 square foot garage. The property has a 29,429 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales presented in two grid analyses. The comparables are located within 0.38 of a mile from the subject. The appellant reported that comparables #2 and #3 were recently rehabbed. The parcels range in size from 20,754 to 45,243 square feet of land area and are improved with 2-story homes of frame or brick and frame exterior construction ranging in size from 3,430 to 4,364 square feet of living area. The

dwellings were built from 1983 to 1991 with comparables #2 and #3 each having an effective age of 1992. Each home has a basement, three of which have finished area, central air conditioning, a fireplace, and a garage ranging in size from 704 to 804 square feet of building area. Comparable #3 has hot tubs. The comparables sold from July 2019 to July 2020 for prices ranging from \$595,000 to \$755,200 or from \$172.02 to \$177.15 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment to \$246,900 which would reflect a market value of \$740,774 or \$175.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$269,973. The subject's assessment reflects a market value of \$810,973 or \$191.58 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.87 of a mile from the subject. The parcels range in size from 20,040 to 86,250 square feet of land area and are improved with 2-story homes of brick, dryvit, or stone exterior construction ranging in size from 4,254 to 4,729 square feet of living area. The dwellings were built from 1991 to 2007. Each home has a basement, three of which have finished area, central air conditioning, one to three fireplaces, and a garage ranging in size from 752 to 1,116 square feet of building area. Comparable #1 has an inground swimming pool. The comparables sold from June 2019 to October 2020 for prices ranging from \$900,000 to \$1,100,000 or from \$202.75 to \$244.39 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 and the board of review's comparables #1, #2, and #4, due to substantial differences from the subject in dwelling size, age, and/or inground swimming pool amenity.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #4 and the board of review's comparables #3 and #5, which are similar to the subject in dwelling size, age, location, and some features, although these comparables are newer homes than the subject dwelling, three of these comparables have significantly larger sites than the subject, two comparables each have a much larger garage than the subject, and one comparable lacks finished basement area that is a feature of the subject, suggesting adjustments to these comparables would

be needed to make them more equivalent to the subject. These most similar comparables sold from July 2019 to October 2020 for prices ranging from \$732,000 to \$955,000 or from \$173.05 to \$224.49 per square foot of living area, including land. The subject's assessment reflects a market value of \$810,973 or \$191.58 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, such as lot size, garage size, and finished basement area, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
