

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marcin Wec
DOCKET NO.: 20-03394.001-R-1
PARCEL NO.: 15-14-102-003

The parties of record before the Property Tax Appeal Board are Marcin Wec, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,857
IMPR.: \$112,862
TOTAL: \$149,719

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 2,105 square feet of living area. The dwelling was constructed in 1965. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 621 square foot garage. The property has a 20,909 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales presented in two grid analyses. The comparables are located from 0.08 to 0.82 of a mile from the subject. The parcels range in size from 20,000 to 24,394 square feet of land area and are improved with 1-story homes of brick or frame exterior construction ranging in size from 1,930 to 2,388 square feet of living area. The dwellings were built from 1960 to 1977 with the oldest home having an effective age of 1962.

Each home has a basement, one of which has finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 528 to 714 square feet of building area. Comparable #3 has an inground swimming pool and a bath house. The comparables sold from May 2018 to June 2020 for prices ranging from \$345,000 to \$570,000 or from \$144.47 to \$271.95 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$141,021 which would reflect a market value of \$423,105 or \$201.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$149,719. The subject's assessment reflects a market value of \$449,742 or \$213.65 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales where comparables #1 and #2 are the same properties as the appellant's comparables #2 and #3, respectively. The comparables are located from 0.08 of a mile to 1.14 miles from the subject. The parcels range in size from 19,170 to 37,030 square feet of land area and are improved with 1-story homes of brick, wood siding, or brick and wood siding exterior construction ranging in size from 1,774 to 2,458 square feet of living area. The dwellings were built from 1957 to 1977, with comparables #2, #4, and #5 having effective ages of 1962, 1969, and 1973, respectively. Two homes each have a basement and three homes each have a crawl space foundation. Each home has central air conditioning, one or two fireplaces, and a garage ranging in size from 480 to 714 square feet of building area. Comparable #2 has an inground swimming pool and a bath house. The comparables sold from March 2018 to June 2020 for prices ranging from \$384,900 to \$590,000 or from \$201.47 to \$240.03 per square foot of living area, including land.

Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales, with two common sales, for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 and the board of review's comparables #4 and #5, which sold less proximate in time to the January 1, 2020 assessment date than other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3 and the board of review's comparables #1, #2, and #3, including the two common sales, which have varying degrees of similarity to the subject. However, one comparable has an inground swimming pool and bath house unlike the subject, one comparable is a much smaller home with a crawl space foundation compared to the subject dwelling with a basement, and one comparable is a much newer home than subject dwelling. Moreover, none of these comparables has finished basement area like the subject. These most similar comparables sold from April 2019 to June 2020 for prices ranging from \$384,900 to \$467,000 or from \$201.47 to \$223.32 per square foot of living area, including land. The subject's assessment reflects a market value of \$449,742 or \$213.65 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
