

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Remus Baltatu  
DOCKET NO.: 20-03397.001-R-1  
PARCEL NO.: 15-35-302-021

The parties of record before the Property Tax Appeal Board are Remus Baltatu, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$27,308  
**IMPR.:** \$66,294  
**TOTAL:** \$93,602

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a split-level dwelling of wood siding exterior construction with 1,120 square feet of living area. The dwelling was constructed in 1974. Features of the home include a lower level with finished area, central air conditioning, and a 506 square foot garage. The property has a 7,822 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales presented in two grid analyses. The comparables are located within 0.16 of a mile from the subject. The appellant reported that comparable #3 was recently rehabbed. The parcels range in size from 6,314 to 9,671 square feet of land area and are improved with split-level homes of frame exterior construction ranging in size from 1,176 to 1,320 square feet of living area. The dwellings were built in 1974 or 1977.

Each home has a lower level with finished area, central air conditioning, a fireplace, and a garage ranging in size from 360 to 572 square feet of building area. The comparables sold from May 2019 to July 2020 for prices of \$265,000 and \$320,000 or from \$223.82 to \$272.11 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$91,084 which would reflect a market value of \$273,279 or \$244.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,602. The subject's assessment reflects a market value of \$281,172 or \$251.05 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales where comparables #1, #2, and #4 are the same properties as the appellant's comparables #3, #2, and #1, respectively. Comparable #3 is located 0.19 of a mile from the subject. This property has a 8,180 square foot site that is improved with a split-level home<sup>1</sup> of wood siding exterior construction with 1,274 square feet of living area. The dwelling was built in 1976 and features a lower level with finished area, central air conditioning, and a 528 square foot garage. This comparable sold in July 2019 for a price of \$300,000 or for \$235.48 per square foot of living area, including land.

The board of review also presented a listing sheet for a September 2016 sale of the subject property, which describes various updates to the subject home.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of four comparable sales, with three common sales, for the Board's consideration. The Board gives less weight to the appellant's comparable #2/board of review's comparable #2, which is a much larger home than the subject dwelling.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #3 and the board of review's comparables #1, #3, and #4, which includes two common sales, which

are more similar to the subject in dwelling size, age, location, and most features. These most similar comparables sold from May 2019 to July 2020 for prices ranging from \$265,000 to \$320,000 or from \$223.82 to \$272.11 per square foot of living area, including land. The subject's assessment reflects a market value of \$281,172 or \$251.05 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
