

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ju Il Yoo
DOCKET NO.: 20-03469.001-R-1
PARCEL NO.: 15-16-312-021

The parties of record before the Property Tax Appeal Board are Ju Il Yoo, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,415
IMPR.: \$138,320
TOTAL: \$186,735

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,963 square feet of living area. The dwelling was constructed in 1991. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 693 square foot garage. The property has a 17,790 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales presented in two grid analyses. The comparables are located from 0.20 to 0.80 of a mile from the subject. The parcels range in size from 10,792 to 29,288 square feet of land area and are improved with 2-story homes of frame exterior construction ranging in size from 2,873 to 3,384 square feet of living area. The dwellings were built from 1988 to 1991. Each home has a basement, two of which have finished

area, central air conditioning, and a 441 or 704 square foot garage. Three homes each have one or two fireplaces. The comparables sold from March to December 2019 for prices ranging from \$450,000 to \$545,000 or from \$147.75 to \$182.74 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment to \$176,775 which would reflect a market value of \$530,378 or \$179.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,735. The subject's assessment reflects a market value of \$560,934 or \$189.31 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales where comparables #2 and #4 are the same properties as the appellant's comparables #3 and #4, respectively. Comparables #1, #3, and #5 are located from 0.06 to 0.44 of a mile from the subject. These parcels range in size from 11,140 to 23,460 square feet of land area and are improved with 2-story homes of wood siding exterior construction ranging in size from 2,963 to 3,006 square feet of living area. The dwellings were built from 1988 to 1991. Each home has a basement, one of which has finished area, central air conditioning, and a 441 or 483 square foot garage. Two homes each have a fireplace. Comparable #1 has an inground swimming pool. These three comparables sold from May 2019 to December 2020 for prices ranging from \$520,000 to \$619,000 or from \$174.61 to \$208.91 per square foot of living area, including land. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales, with two common sales, for the Board's consideration. The Board gives less weight to the appellant's comparable #1, which is a substantially larger home than the subject dwelling, and to the board of review's comparable #1, which has an inground swimming pool unlike the subject.

The Board finds the best evidence of market value to be the appellant's comparable #2, the appellant's comparable #3/board of review's comparable #2, the appellant's comparable #4/board of review's comparable #4, and the board of review's comparables #3 and #5, which are similar to the subject in dwelling size, age, location, and some features, although these comparables have smaller lots and garages than the subject and four of these comparables lack finished basement area that is a feature of the subject, suggesting that upward adjustments to these comparables would be needed to make them more equivalent to the subject. These most

similar comparables sold from March 2019 to December 2020 for prices ranging from \$450,000 to \$545,000 or from \$156.63 to \$182.74 per square foot of living area, including land. The subject's assessment reflects a market value of \$560,934 or \$189.31 per square foot of living area, including land, which is above the range established by the best comparable sales in this record, but appears to be justified given the subject's larger lot size, larger garage, and finished basement area. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
