

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Madhu Mohan Adusumilli
DOCKET NO.: 20-03472.001-R-1
PARCEL NO.: 15-16-304-081

The parties of record before the Property Tax Appeal Board are Madhu Mohan Adusumilli, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,142
IMPR.: \$117,733
TOTAL: \$158,875

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,100 square feet of living area. The dwelling was constructed in 2017. Features of the home include a basement, central air conditioning, a fireplace, and a 400 square foot garage. The property has a 2,130 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales presented in two grid analyses. The comparables are located within 0.64 of a mile from the subject. Comparables #1 and #2 are reported to have 1,337 or 1,590 square foot sites. The comparables are improved with 2-story homes of frame or brick and frame exterior construction ranging in size from 1,784 to 2,321 square feet of living area. The dwellings were built from 2003 to 2012. Each home has a

basement, one of which has finished area, central air conditioning, and a garage ranging in size from 400 to 483 square feet of building area. One home has a fireplace. The comparables sold from April 2019 to July 2020 for prices ranging from \$352,000 to \$489,000 or from \$155.11 to \$219.17 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment to \$145,585 which would reflect a market value of \$436,799 or \$208.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$158,875. The subject's assessment reflects a market value of \$477,245 or \$227.26 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales where comparables #1 and #2 are the same properties as the appellant's comparables #5 and #4, respectively. Comparables #3 and #4 are located within 0.66 of a mile from the subject and are reported to have 9,580 or 41,730 square foot sites. These two comparables are improved with 2-story homes of wood siding exterior construction with 2,250 or 2,347 square feet of living area. The dwellings were built in 1975 and 1993. Each home has a basement with finished area, central air conditioning, a fireplace, and a 441 or 576 square foot garage. These two comparables sold in March 2019 and October 2020 for prices of \$480,000 and \$465,000 or for \$204.52 and \$206.67 per square foot of living area, including land, respectively. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales, with two common sales, for the Board's consideration. The Board gives less weight to the appellant's comparable #5/board of review's comparable #1 and to the board of review's comparables #3 and #4, due to substantial differences from the subject in dwelling size, age, and/or basement finish.

The Board finds the best evidence of market value to be the appellant's comparables #1, #2, and #3 and the appellant's comparable #4/board of review's comparable #2, which are more similar to the subject in dwelling size, location, and features, although these comparables are much older homes than the subject dwelling. These most similar comparables sold from May 2019 to July 2020 for prices ranging from \$352,000 to \$489,000 or from \$155.11 to \$213.91 per square foot of living area, including land. The subject's assessment reflects a market value of \$477,245 or \$227.26 per square foot of living area, including land, which is within the range established by

the best comparable sales in terms of total market value but above the range on a price per square foot basis, which appears to be justified given the subject is a newer home than the best comparables. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
