

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harry Lu
DOCKET NO.: 20-03590.001-R-1
PARCEL NO.: 11-28-108-067

The parties of record before the Property Tax Appeal Board are Harry Lu, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,099
IMPR.: \$147,656
TOTAL: \$196,755

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and brick exterior construction with 3,247 square feet of living area. The dwelling was constructed in 2003. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 598 square foot garage. The property has a 10,010 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located from .46 of a mile to 1.41 miles from the subject property. The comparables have sites that range in size from 10,040 to 13,610 square feet of land area. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,807 to 3,649 square feet of living area. The dwellings were built from 1998 to 2001. The comparables each have an

unfinished basement, one fireplace and a garage ranging in size from 430 to 623 square feet of building area. Four comparables each have central air conditioning. The comparables sold from June 2019 to July 2020 for prices ranging from \$400,000 to \$522,000 or from \$119.40 to \$163.88 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$150,082, which would reflect a market value of \$450,291 or \$138.68 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$196,755. The subject's assessment reflects a market value of \$591,033 or \$182.02 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located from .34 to .83 of a mile from the subject property. The comparables have sites that range in size from 14,390 to 22,490 square feet of land area. The comparables are improved with one-story¹ or two-story dwellings of brick, or brick and wood siding exterior construction ranging in size from 3,220 to 3,554 square feet of living area. The dwellings were built from 2000 to 2015. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 652 to 1,407 square feet of building area. The comparables sold from March 2019 to September 2020 for prices ranging from \$620,000 to \$840,000 or from \$183.49 to \$241.80 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #1 as it appears to be an outlier due to its considerably lower sale price in relation to the other comparable sales in the record. The Board has also given less weight to the appellant's comparables #2, #4 and #5 which differ from the subject in dwelling size, lack of central air conditioning or they are located more than one mile away from the subject property. The Board has given reduced weight to board of review comparables #2 and #4 due to their newer dwelling ages when compared to the subject dwelling.

¹ The board of review's comparable #4 has a ground floor area of 820 square feet with an above ground area of 3,474 square feet, suggesting this is a part two-story dwelling.

The Board finds the best evidence of market value to be the appellant's comparable #3 and board of review comparables #1 and #3, which are similar to the subject in location, dwelling size, design, age and some features. These comparables sold from March 2019 to September 2020 for prices ranging from \$505,000 to \$645,000 or from \$149.72 to \$200.31 per square foot of living area, including land. The subject's assessment reflects a market value of \$591,033 or \$182.02 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
