

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yijie Li
DOCKET NO.: 20-03607.001-R-1
PARCEL NO.: 15-09-102-039

The parties of record before the Property Tax Appeal Board are Yijie Li, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,644
IMPR.: \$94,980
TOTAL: \$125,624

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,347 square feet of living area. The dwelling was constructed in 1977. Features of the home include a basement that is finished with a recreation room, central air conditioning, a fireplace and a 462 square foot garage. The property has an 8,090 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .67 of a mile from the subject property. The comparables have sites that range in size from 8,200 to 13,570 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,170 to 2,347 square feet of living area. The dwellings were built from 1976 to

1978. The comparables each have a basement, one of which is finished with a recreation room. Each comparable has central air conditioning and a garage ranging in size from 420 to 462 square feet of building area. Two comparables each have one fireplace. The comparables sold from February 2019 to June 2020 for prices ranging from \$275,000 to \$340,000 or from \$126.73 to \$153.00 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$115,839, which would reflect a market value of \$347,552 or \$148.08 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,624. The subject's assessment reflects a market value of \$377,363 or \$160.79 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .75 of a mile from the subject property. The comparables have sites that range in size from 5,510 to 9,610 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,172 to 2,347 square feet of living area. The dwellings were built from 1976 to 1979. Two comparables each have a crawl space or a concrete slab foundation and two comparables each have a basement, one of which is finished with a recreation room. Each comparable has central air conditioning and a garage ranging in size from 440 to 462 square feet of building area. Three comparables each have one fireplace. The comparables sold from May 2019 to December 2020 for prices ranging from \$360,000 to \$410,000 or from \$165.75 to \$183.70 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration. The Board of review has given reduced weight to the appellant's comparable #4 due to its considerably lower sale price in relation to all the other comparable sales in the record. The Board has given less weight to board of review comparables #2 and #4 due to their dissimilar crawl space or concrete slab foundations, when compared to the subject's finished basement.

The Board finds the best evidence of market value to be the parties' remaining comparables. The Board finds these five comparables are similar to the subject in location, dwelling size, design, age and some features, except three of the comparables lack basement recreation rooms, a feature of the subject, suggesting upward adjustments would be required to make these

comparables more equivalent to the subject. The comparables sold from May 2019 to September 2020 for prices ranging from \$332,000 to \$410,000 or from \$143.16 to \$183.70 per square foot of living area, including land. The subject's assessment reflects a market value of \$377,363 or \$160.79 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
