

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sanjay Gopalakrishnan
DOCKET NO.: 20-03617.001-R-1
PARCEL NO.: 15-33-301-054

The parties of record before the Property Tax Appeal Board are Sanjay Gopalakrishnan, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,560
IMPR.: \$69,280
TOTAL: \$100,840

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction containing 2,002 square feet of living area. The dwelling was built in 1988. Features of the home include a slab foundation, central air conditioning, one fireplace and an attached garage with 420 square feet of building area. The property has a site with approximately 5,770 square feet of building area and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales improved with two-story dwellings of frame construction with either 1,860 or 2,002 square feet of living area. The homes were built from 1987 to 1990. Each comparable has central air conditioning, one fireplace and an attached garage with 420 square feet of building area. The comparables are located within .11 of one mile from the subject with sites ranging in size from 6,462 to 10,248 square feet of land area. The

sales occurred from June 2019 to April 2020 for prices ranging from \$265,000 to \$295,000 or from \$132.37 to \$156.45 per square foot of living area, including land. The appellant requested the subject's total assessment be reduced to \$99,423.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,014. The subject's assessment reflects a market value of \$324,464 or \$162.07 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales improved with two-story dwellings of wood siding exterior construction with either 1,932 or 2,266 square feet of living area. The dwellings were built from 1992 to 1995. Each comparable has an unfinished full basement, central air conditioning, one fireplace and an attached garage with either 400 or 420 square feet of building area. These properties are located from approximately .12 to .20 of one mile from the subject with sites that have either 2,180 or 3,480 square feet of land area. The sales occurred from March 2019 to November 2020 for prices ranging from \$352,500 to \$385,002 or from \$155.56 to \$191.46 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the comparables submitted by the appellant as these properties are more similar to the subject property in dwelling age, foundation and/or size than are the comparables provide by the board of review, which are from four to seven years newer than the subject property and each features a full basement unlike the subject's slab foundation. Appellant's comparables #1 and #2 are identical to the subject dwelling in size and features. The appellant's comparables sold for prices ranging from \$265,000 to \$295,000 or from \$132.37 to \$156.45 per square foot of living area, including land. The subject's assessment reflects a market value of \$324,464 or \$162.07 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
