

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Mann
DOCKET NO.: 20-03631.001-R-1
PARCEL NO.: 15-33-106-059

The parties of record before the Property Tax Appeal Board are Gary Mann, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,855
IMPR.: \$92,877
TOTAL: \$126,732

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of wood siding exterior construction with 2,399 square feet of living area. The dwelling was constructed in 1990. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 440 square foot garage. The property has a 3,421 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .23 of a mile from the subject property. The comparables have sites that range in size from 3,807 to 5,919 square feet of land area. The comparables are improved with two-story townhomes of frame exterior construction ranging in size from 1,994 to 2,399 square feet of living area. The dwellings were built in 1989 or 1990.

The comparables each have an unfinished basement, central air conditioning and a garage ranging in size from 380 to 440 square feet of building area. Two comparables each have one fireplace. The appellant provided a listing sheet for comparable #2 which described the dwelling as having been rehabbed in 2020. The comparables sold from March 2019 to April 2020 for prices ranging from \$329,000 to \$382,500 or from \$148.40 to \$164.99 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$125,535, which would reflect a market value of \$376,643 or \$157.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,732. The subject's assessment reflects a market value of \$380,691 or \$158.69 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .35 of a mile from the subject property. The comparables have sites that range in size from 3,420 to 10,920 square feet of land area. The comparables are improved with two-story townhomes of wood siding exterior construction with 2,280 or 2,399 square feet of living area. The dwellings were built in 1988 or 1989. The comparables each have a basement, two of which are finished with a recreation room. Each comparable has central air conditioning, one or two fireplaces and a garage containing either 380 or 440 square feet of building area. The comparables sold from June 2019 to September 2020 for prices ranging from \$375,000 to \$395,000 or from \$164.47 to \$165.79 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #4, as well as board of review comparables #1, #2 and #3 due to their less similar dwelling sizes when compared to the subject. Furthermore, board of review comparables #1 and #3 have basement recreation rooms, unlike the subject and board of review comparables #1 and #2 have larger site sizes when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #3, along with board of review comparable #4. The Board finds these comparables are identical to the subject in dwelling size and are similar to the subject in location, design, age and some features. The comparables sold from March to September 2019 for prices ranging from

\$356,000 to \$395,000 or from \$148.40 to \$164.65 per square foot of living area, including land. The subject's assessment reflects a market value of \$380,691 or \$158.69 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
