

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Hickman
DOCKET NO.: 20-03640.001-R-1
PARCEL NO.: 15-07-101-036

The parties of record before the Property Tax Appeal Board are Thomas Hickman, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$64,517
IMPR.: \$150,462
TOTAL: \$214,979

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and brick exterior construction with 4,153 square feet of living area. The dwelling was constructed in 1992. Features of the home include a basement that is finished with a recreation room, central air conditioning, three fireplaces and a 1,064 square foot garage. The property has a 110,210 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .55 of a mile from the subject property. The comparables have sites that range in size from 60,110 to 145,050 square feet of land area. The comparables are improved with two-story dwellings of brick, wood siding, or wood siding and brick exterior construction ranging in size from 3,342 to 5,085 square feet of living area. The

dwelling were built from 1986 to 1991 with comparable #2 having a reported effective age of 1988. The comparables each have a basement, four of which are finished with a recreation room. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 594 to 933 square feet of building area. The comparables sold from March 2019 to May 2020 for prices ranging from \$526,000 to \$695,000 or from \$103.44 to \$167.04 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$193,325, which would reflect a market value of \$580,033 or \$139.67 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$214,979. The subject's assessment reflects a market value of \$645,777 or \$155.50 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .54 of a mile from the subject property. The comparables have sites that range in size from 46,610 to 77,970 square feet of land area. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,514 to 4,267 square feet of living area. The dwellings were built from 1989 to 1994. The comparables each have a basement, three of which are finished with a recreation room. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 696 to 934 square feet of building area. Two comparables each have an inground swimming pool. The comparables sold from June 2019 to October 2020 for prices ranging from \$642,900 to \$725,000 or from \$160.12 to \$184.97 per square foot of living area, including land.

The board of review asserted that the appellant's comparables include two dwellings that are 14% and 22% larger than the subject and one dwelling that is 20% smaller. The board of review asserted all county sales support the subject's current assessed value or higher.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #3, #4, #5, as well as board of review comparables #1 and #4 which differ from the subject in dwelling size and/or have an inground swimming pool, unlike the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables. The Board finds these comparables are similar to the subject in location, dwelling size, design, age and some features. The comparables sold from March 2019 to October 2020 for prices ranging from \$540,000 to \$690,000 or from \$136.33 to \$170.40 per square foot of living area, including land. The subject's assessment reflects a market value of \$645,777 or \$155.50 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
