

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandeepkumar Parmar
DOCKET NO.: 20-03645.001-R-1
PARCEL NO.: 15-32-408-025

The parties of record before the Property Tax Appeal Board are Sandeepkumar Parmar, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,922
IMPR.: \$76,928
TOTAL: \$107,850

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of wood siding exterior construction with 2,122 square feet of living area. The dwelling was constructed in 1995. Features of the home include a concrete slab, central air conditioning, a fireplace and a 400 square foot garage. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject. The comparables are improved with two-story townhomes of frame exterior construction with 1,808 or 2,122 square feet of living area, each built in 1995. Each comparable has a concrete slab foundation, central air conditioning and a 400 square foot garage. Three comparables each have one fireplace. The comparables sold from March 2019 to February 2020 for prices ranging from \$262,000 to \$326,688 or from \$144.91 to \$153.95 per

square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$103,260, which would reflect a market value of \$309,811 or \$146.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,850. The subject's assessment reflects a market value of \$323,971 or \$152.67 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales with the same assessment neighborhood code as the subject. The board of review comparables #1, #2 and #3 are duplicates of the appellant's comparables #5, #3 and #2, respectively, which were previously described. The comparables sold in May 2019 or November 2019 for prices ranging from \$312,500 to \$326,688 or from \$147.27 to \$153.95 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five suggested comparable sales for the Board's consideration, as three sales were common to both parties. The Board has given less weight to the appellant's comparables #1 and #4 due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of market value to be the parties' three common comparables, which are identical to the subject in dwelling size, design and age. The comparables sold in May 2019 or November 2019 for prices ranging from \$312,500 to \$326,688 or from \$147.27 to \$153.95 per square foot of living area, including land. The subject's assessment reflects a market value of \$323,971 or \$152.67 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
