

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ivan Stoilov  
DOCKET NO.: 20-03699.001-R-1  
PARCEL NO.: 15-30-402-034

The parties of record before the Property Tax Appeal Board are Ivan Stoilov, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,646  
**IMPR.:** \$93,009  
**TOTAL:** \$121,655

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of wood siding exterior construction built in 1978 containing 2,212 square feet of living area. Features of the home include an unfinished basement, central air conditioning, one fireplace and an attached garage with 506 square feet of building area. The property has a 6,000 square foot site located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales composed of two-story dwellings of frame construction built in 1976 or 1978 that range in size from 1,940 to 2,212 square feet of living area. Each comparable has a basement with two having finished area, central air conditioning, and an attached garage ranging in size from 506 to 649 square feet of building area. Three comparables each have one fireplace. These properties are located within .21 of one mile

from the subject property with sites ranging in size from 6,080 to 10,605 square feet of land area. The sales occurred from January 2019 to April 2020 for prices ranging from \$290,000 to \$401,000 or from \$140.03 to \$181.28 per square foot of living area, including land. The appellant requested the subject's total assessment be reduced to \$113,538.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$121,655. The subject's assessment reflects a market value of \$365,440 or \$165.21 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales with comparables #1 and #2 being the same properties as appellant's comparable sales #5 and #4, respectively. The board of review comparable sales are composed of two-story dwellings of wood siding exterior construction built in 1976 or 1977 that range in size from 1,940 to 2,212 square feet of living area. Each comparable has a basement with two having finished area, central air conditioning, and an attached garage ranging in size from 506 to 649 square feet of building area. Three comparables each have one fireplace. These properties are located within .21 of one mile from the subject property with sites ranging in size from 6,360 to 11,030 square feet of land area. The sales occurred from July 2019 to October 2020 for prices ranging from \$395,000 to \$415,000 or from \$178.57 to \$213.92 per square foot of living area, including land.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparable sales to support their respective positions with two comparables being common to the parties. The comparables are similar to the subject in location, land area, style, age, size and most features. These comparables sold for prices ranging from \$290,000 to \$415,000 or from \$140.03 to \$213.92 per square foot of living area, including land. The subject's assessment reflects a market value of \$365,440 or \$165.21 per square foot of living area, including land, which is within the range established by the comparable sales in this record, and is below each of the comparables submitted by the board of review. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
