

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Morris Rizman
DOCKET NO.: 20-03710.001-R-1
PARCEL NO.: 15-30-301-005

The parties of record before the Property Tax Appeal Board are Morris Rizman, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,894
IMPR.: \$141,771
TOTAL: \$188,665

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,447 square feet of living area. The dwelling was constructed in 1985. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 420 square foot garage. The property has a 47,916 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.84 miles from the subject property. The comparables have sites that range in size from 42,253 to 46,609 square feet of land area and are improved with two-story dwellings of brick exterior construction that range in size from 3,172 to 4,164 square feet of living area. The dwellings were built from 1979 to 1991. Each comparable has a basement, one with finished area, central air conditioning, one

or two fireplaces and a garage ranging in size from 638 to 1,020 square feet of building area. Comparable #3 also features an inground swimming pool. The properties sold from April to August 2018 for prices ranging from \$450,000 to \$675,000 or from \$141.87 to \$162.10 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,665. The subject's assessment reflects a market value of \$566,732 or \$164.41 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within .92 miles from the subject property. The comparables have sites ranging in size from 48,930 to 84,940 square feet of land area and are described as one-story¹ or two-story dwellings of brick or brick and wood siding exterior construction. The dwellings range in size from 2,950 to 3,695 square feet of living area and were built from 1978 to 1994. The comparables have basements with two having a recreation room. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 696 to 864 square feet of building area. Comparable #1 has an inground swimming pool. The properties sold from July 2019 to November 2020 for prices ranging from \$603,000 to \$641,000 or from \$163.19 to \$210.51 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables which sold over 16 months prior to the January 1, 2020 assessment date and are less likely to be reflective of market value. The Board gives less weight to board of review comparables #1 and #5 as comparable #1 has an inground swimming pool which is not a feature of the subject and comparable #5 has a significantly larger site than the subject.

The Board finds the best evidence of market value to be the board of review comparables #2, #3 and #4 which sold proximate in time the assessment date at issue and are relatively similar to the subject in location, age, site size, dwelling size and features. These comparables sold from May

¹ The Board finds board of review comparables #4 and #5 have ground floor areas of 1,489 and 872 square feet with above ground areas of 3,532 and 3,212 square feet, respectively, suggesting these are part two story dwellings.

to November 2020 for prices ranging from \$615,000 to \$641,000 or from \$179.40 to \$210.51 per square foot of living area, including land. The subject's assessment reflects a market value of \$566,732 or \$164.41 per square foot of living area, including land, which is below the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
