

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven H. Klein
DOCKET NO.: 20-03729.001-R-1
PARCEL NO.: 15-16-310-003

The parties of record before the Property Tax Appeal Board are Steven H. Klein, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,492
IMPR.: \$141,197
TOTAL: \$180,689

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,453 square feet of living area. The dwelling was constructed in 1991. Features of the home include a full basement with 944 square feet of finished area, central air conditioning, a fireplace and a 672 square foot garage. The property has an approximately 27,160 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within approximately .61 of a mile from the subject property. The comparables have sites that range in size from 12,200 to 16,520 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 3,378 to 3,453 square feet of living area. The

dwelling were built from 1988 to 1991. The comparables each have a full basement, with comparable #2 having 1,319 square feet of finished area. Each comparable has central air conditioning and a garage containing 405 or 781 square feet of building area. Four comparables each have a fireplace. The comparables sold from March 2019 to July 2020 for prices ranging from \$473,000 to \$557,000 or from \$138.91 to \$161.31 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$167,171, which would reflect a market value of \$501,563 or \$145.25 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,689. The subject's assessment reflects a market value of \$542,773 or \$157.19 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within approximately .54 of a mile from the subject property. The board of review's comparable #1 is the same property as the appellant's comparable #1. The comparables have sites that range in size from 10,430 to 22,760 square feet of land area. The comparables are improved with two-story dwellings of wood siding or wood siding and brick exterior construction ranging in size from 3,378 to 3,562 square feet of living area. The dwellings were built from 1988 to 1991. The comparables each have a full basement, with comparable #3 having 1,318 square feet of finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 405 to 781 square feet of building area. The comparables sold from August 2019 to September 2020 for prices ranging from \$557,000 to \$625,000 or from \$161.31 to \$182.06 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested comparable sales for the Board's consideration, as one sale was common to both parties. The Board finds all the comparables sold proximate in time to the assessment date at issue and are similar to the subject in location, dwelling size, design and age. However, the Board finds six of the eight comparables lack finished basement area, a feature of the subject, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the comparables sold from March 2019 to September 2020 for prices ranging from \$473,000 to \$625,000 or from \$138.91 to \$182.06 per square foot of living area, including land. The subject's assessment reflects a market value of \$542,773 or \$157.19 per square foot of living area, including land, which falls within

the range established by the comparable sales in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
