

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

.APPELLANT: Brian Dembo  
DOCKET NO.: 20-03762.001-R-1  
PARCEL NO.: 15-28-308-010

The parties of record before the Property Tax Appeal Board are Brian Dembo, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$29,647  
**IMPR.:** \$111,650  
**TOTAL:** \$141,297

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,470 square feet of living area. The dwelling was constructed in 1985. Features of the home include an unfinished basement, central air conditioning and a 460 square foot garage. The property has an approximately 7,310 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.31 of a mile from the subject property. The comparables have sites that range in size from 6,825 to 8,400 square feet of land area and are improved with two-story dwellings of frame exterior construction that range in size from 1,980 to 2,470 square feet of living area. The dwellings were built in either 1980 or

1985. Each comparable has a basement, four with finished area,<sup>1</sup> central air conditioning and a garage ranging in size from 400 to 462 square feet of building area. Comparable #5 has an inground swimming pool. The properties sold from August 2018 to May 2020 for prices ranging from \$349,000 to \$415,000 or from \$156.68 to \$176.26 per square foot of living area, land included.

The appellant submitted a copy of the Multiple Listing Service (MLS) sheet for its comparable #1 which depicted the property had an updated kitchen, updated bathrooms and finished area in the basement. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$137,483 which reflects a market value of \$412,490 or \$167.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$141,297. The subject's assessment reflects a market value of \$424,443 or \$171.84 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.44 of a mile from the subject property. Board of review comparables #3 and #5 are the same properties as the appellant's comparables #4 and #5, respectively. The comparables have sites that range in size from 7,210 to 8,400 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 1,980 to 2,470 square feet of living area. The homes were built from 1979 to 1986 with comparable #2 having an effective year built of 2001. Each comparable has a basement, two with finished area, central air conditioning and a garage ranging in size from 400 to 460 square feet of building area. Comparable #4 has a fireplace and comparable #5 has an inground swimming pool. The properties sold from March to September 2019 for prices ranging from \$349,000 to \$520,000 or from \$174.59 to \$229.48 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparable sales for the Board's consideration, as two properties were common to both parties. The Board gives less weight to appellant comparables #1, #2, #3 and #5 along with board of review comparables #2 and #5, including one of the common properties. These five comparable sales differ from the subject in effective age, finished basement, presence

of an inground swimming pool and/or sold in 2018, less proximate to the January 1, 2020 assessment date than other properties in the record.

The Board finds the best evidence of market value to be appellant comparable #4 and board of review comparables #1, #3 and #4, including one of the common properties. These best comparables are more similar to the subject in location, age, design, dwelling size and other features and sold from March to July 2019 for prices ranging from \$415,000 to \$440,000 or from \$174.59 to \$178.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$424,443 or \$171.84 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record on an overall market value basis and below the range on a per square foot basis. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
